

The Safi Life Foundation functions as a university scholarship program dedicated to providing higher education assistance for African women. The recipient of each scholarship will be provided a personalized mentorship program, connecting them with sponsors who will help guide their educational goals and career pursuits. In order to inspire the next generation of girls, we encourage the students to take an active role in their communities, using not only what they have learned while in school but their life experiences after graduation. Our hope is that by setting these examples, other young girls will begin to believe in their ability to excel in whatever they choose to pursue.
