# OUR TEAM

Our team is focused on providing quality care:

- Our doctors are trained to give quality care to all patients.
- Our pediatricians are committed to providing medical care and preventing diseases in children.
- Gynecology: We are dedicated to caring for mothers-to-be and women in need of gynecological care.
- Our skilled medical team ensures accurate diagnosis, disease prevention, and emotional well-being.

Our team is proud to be able to provide quality care for each patient.

We treat more than 30 patients daily, with a wide range of ages and conditions.

We strive each day to ensure that every patients get the best possible care and attention.

## GENERAL MEDICINE

Dr, Luisa, our pediatrician, attends to our patients each day. She is in charge of giving pediatric care to recurrent patients and new patients.

No matter how much time she has to dedicate to each medical examination, she does the necessary time so that when our patients leave our clinic, they feel well taken care of.

## GYNECOLOGY

Dr. Freddy is a specialist in gynecology and in our clinic plays an important role, treating women who can not afford private medical examinations. Dr. Freddy dedicates his knowledge to provide quality care, free of charge, making it accessible to all.

Dr. Freddy not only takes care of our gynecological patients, he is in charge of performing ultrasound examinations, imperative in monitoring and identify conditions of the fetus.

## PATIENT INTAKE

- Marvin, our dedicated nurse, oversees the intake process for patients visiting our clinic on a daily basis. In addition, she plays a vital role in entering crucial patient information into our comprehensive software system, ensuring that our doctors have all the necessary details at their fingertips to begin each medical visit.

In addition, she assumes responsibility for all aspects of patient care during the medical visit including conducting measurements and monitoring vital signs such as blood pressure and temperature for patients visiting our clinic.

## PROJECT MANAGEMENT

Dr. Emanuel, while being a specialist in general medicine and medical diagnostics, also holds the responsibility of overseeing all projects carried out in our clinic. His leadership is pivotal in driving optimal results and attaining the highest level of quality of medical care.

With Dr. Emanuel's expertise as project manager, we are able to provide our patients with the highest standards of quality.

## ACCESS TO MEDICINE

In addition to offering free comprehensive treatment and healthcare services, we take pride in providing vital medications at no cost to the patients.

We recognize the financial strain that healthcare expenses can impose, and our unwavering dedication lies in ensuring that our patients can acquire the vital medications they need.

# SAI IS MAKING A DIFFERENCE

The SAI Medical Program in Venezuela is a beacon of hope for the struggling Venezuelan community. In the midst of a healthcare crisis, this program is providing essential medical care to vulnerable individuals, including children, orphans, seniors, and pregnant women. By donating to this cause, you can make a real difference in the lives of those who need it the most.

Imagine a country where access to healthcare is a luxury, where hospitals lack basic supplies, and where the most vulnerable are left to suffer. This is the reality in Venezuela, where the healthcare system has been devastated by economic collapse and government policies. But the SAI Medical Program is stepping in to fill the gap, offering free top-notch medical care to those in need.

# SUPPORTING ORPHANAGES

The SAI Medical Program provides vital medical care and medicine to more than 350 children across five orphanages. Our devoted team of doctors conducts bi-monthly visits, conducting comprehensive physical examinations and pediatric consultations for each orphans.

By offering our expert guidance, caregivers are empowered to prevent and treat illnesses, leading to a significant improvement in the health and well-being of the orphans.

# OUR GOALS FOR THE NEAR FUTURE

- Open a new medical facility .
- Build Clinic Layout.
- new features:
  - Clinical Laboratory.
  - Operating Room.
  - Intensive Care Unit (ICU).
  - Receive ICU beds, monitoring devices, and life-support equipment through donated contributions.
  - XR facility
  - MRI facility
  - Start Operations
  - expand medical pharmacy program.
- Begin offering expanded medical services to the community and promote the clinic's new capabilities.

# WE MARCH FORWARD INTO 2024!

NO MATTER THE CHALLENGES THAT VENEZUELA FACES, OUR FOUNDATION REMAINS UNWAVERING IN OUR COMMITMENT TO HELPING THOSE IN NEED. TOGETHER, WE ARE MAKING A REAL DIFFERENCE, DELIVERING AID THAT IS OF THE HIGHEST QUALITY AND HELD TO THE HIGHEST STANDARDS OF ACCOUNTABILITY. YOUR GENEROUS DONATIONS HAVE MADE ALL OF THIS POSSIBLE.

WITH YOUR CONTINUED SUPPORT, SAI WILL PERSIST IN PROVIDING LIFE-SAVING CARE TO THOSE WHO NEED IT THE MOST, OVERCOMING ANY OBSTACLES THAT MAY COME OUR WAY. TOGETHER, WE CAN CHANGE LIVES AND BRING HOPE TO THE PEOPLE OF VENEZUELA.
