

Together we can
improve the life
quality of people with
intellectual disability!

MISION

To offer dignified living conditions to people with intellectual disability that were abandoned by their families.

HISTORY

1993

An intention arises to attend a group of abandoned people, many of them with mental disabilities, that lived overcrowded in a building in Mexico City.

1994

Fundación Fraternidad sin Fronteras, IAP is constituted as Private Assistance Institution

1997

We received a landspace in order to build a facility.

2001

Inauguration of shelter with capacity to attend to 80 people; Men and women between 8 and 90 years of age with mental disabilities

2005

Initiation of the process of institutionalization and consolidation.

2017

...

MODEL

- To offer dignified living conditions through an integrated and multidisciplinary care model, focused on the capacity development and the exercise of their rights.

DIGNIFIED LIFE

- Is in which the value of being a person is expressed at all times.
- In which all human rights are fully and responsibly exercised.
- It occurs in a physical, emotional, affective and social environment promoting human development.
