**Igniting  
HOPE  
for the  
Children of  
Sierra Leone**

## who we are

**Founded in 2004,  
EduNations is a 501c3  
non-profit organization that  
seeks to ignite hope in the  
hearts of forgotten children  
in Sierra Leone and other  
parts of Africa.**

**Through building schools,  
EduNations creates a  
community of growth and  
learning, and strives to  
ignite a brighter future for  
the children of tomorrow.**

## what we are doing

### ***BUILDING SCHOOLS***

EduNations is committed to building schools and providing a free education for the children of Sierra Leone. For just \$35,000 a school can be built to provide education for 240 children. Each school building also serves as a community center where adults can receive health education and vocational training.

### ***DIGGING WELLS***

EduNations has provided a well and latrines for each school we've built to promote good health and sanitary conditions for the children and staff.

### ***PARTNERING***

We have recognized that we cannot accomplish our goals on our own, so we have established partnerships with other organizations in Sierra Leone, such as Let Them LOL and The Sierra Leone Alliance. Internationally, we have connected with World Hope International, The Evangelical Presbyterian Church and Jericho Road Global Health Outreach.

### ***GROWING...***

Various community initiatives have begun to develop from our schools, serving the holistic needs of the people in these villages. Churches have formed with the assistance of the Evangelical Presbyterian Church in Sierra Leone and a community health clinic has been completed in the village of Rokassa.

## Make a difference

Our child sponsorship program gives you the opportunity to connect with a child in one of our schools. For \$28 a month you can provide for that child's ongoing education, including supplies, uniforms and teacher's salaries in their school. As a sponsor you will play a vital role in that child's life, providing hope and opportunity.

For more information contact our  
Child Sponsorship Coordinator

**412-522-4756**

Through your donations, child  
sponsorships and prayers, you can  
provide hope for children who  
have experienced poverty,  
sickness and war.
