The Honorable Prime Minister of India Mr. Narendra Modi in his address to the Nation – Man Ki Baat, December 14, 2014 shares his thoughts -

“I shall discuss the grave threat this country faces because of the growing menace of drug addiction” and goes on to appeal to the Youths of Nation to give up Drug – Addiction pointing out that it is neither a “style statement” nor is it “cool” rather it is a “psycho-social-medical problem” that needs to be treated and handled like one.

MINISTRY OF

YOUTH AFFAIRS AND SPORTS

सत्यमेव जयते

“In order to create a generation of young Indians equipped to take on future challenges and achieve their full potential, it is necessary that the youth are in good health and make healthy and balanced lifestyle choices. Youth specific health issues must be addressed through targeted programmes. Balanced nutrition and healthy lifestyle information must be provided to the youth. There is also need to create awareness among the youth about ill-effects of drug/ substance abuse. It is also important to develop inner values like compassion, kindness, sympathy and empathy. There is also a serious need to inculcate the spirit of integrity and truthfulness in the youth.”

National Youth Policy (Current Policies & Future Imperatives – Priority Areas 4 & 6)

“Just like naturally one is taking education just to become a politician, one is taking education how to become a high character saintly

person. That natural inclination is already there, but that is not being properly harnessed. Therefore a regular educational institution should be there. Real education is how to train up one to have ideal character. Our movement is not only for some theoretical teaching, but it is for developing practical character and definite understanding.”

His Divine Grace A.C. Bhaktivedanta Swami

Srila Prabhupada,

Understanding the Theme of Our Social Awareness

YOUTH TODAY

Situation – Current State

- According to the UN report, **1 million** heroin addicts are registered in India, and as per an unofficial sources there are as many as **5 million**
- In Uttar Pradesh, Dube and Handa; reported that **22.8 per 1000** were dependent on alcohol and drugs.
- **21.4 %** children in 12-18 years consume alcohol (IBN LIVE)
- **60 %** increase in alcohol intake 19-26 years majority students (IBN LIVE)
- **5500** youths start taking tobacco everyday joining the 4 million club in INDIA of under 15 years (Indian Pediatrics)

Complications – The Gap/Trigger

Society not focused on this critical issue
Almost negligible physical, mental, spiritual or financial leveraging by social organizations like other NGO to curb these tendencies at its root level especially for youth

Questions – Which Need Answers

How can we as partners target youth and make a methodological approach to restrain them?

Where is the target zone of youth?

What is the appropriate method?

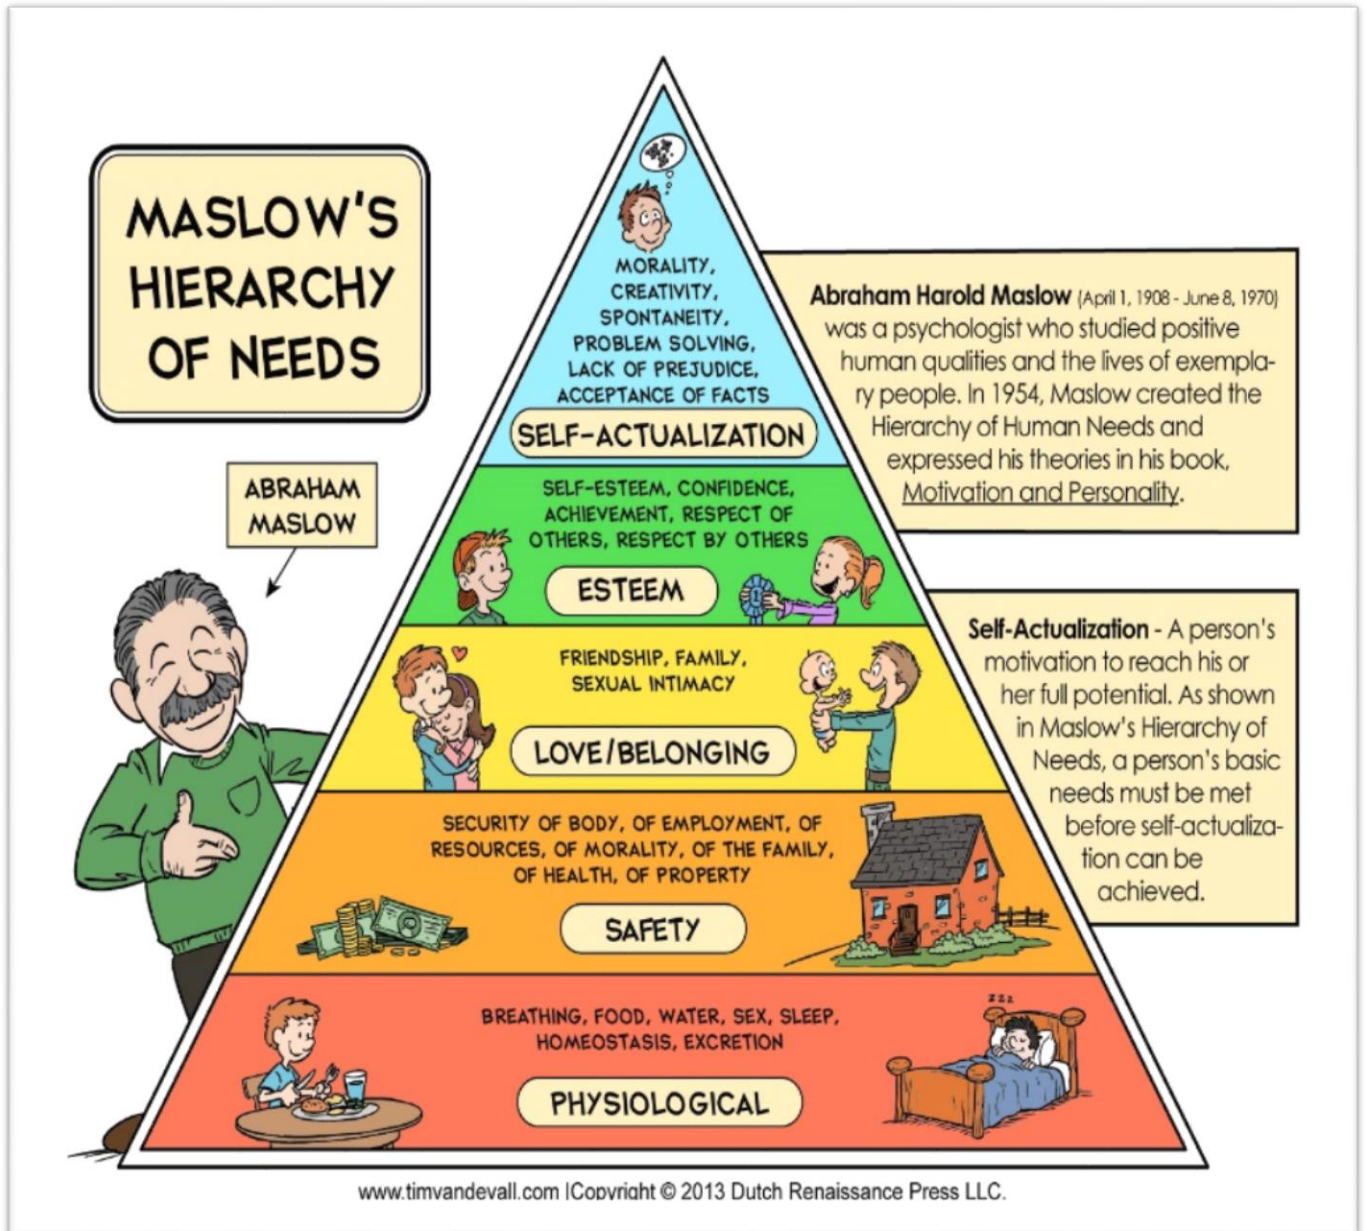

Desired Future State

A society of youth well aware of the adverse ill effects of this harmful tendency of drug addiction, alcoholism etc.

We together can become educating partners of educational bodies, government agencies etc. to cater and fulfill the need of creating awareness against drug abuse, alcoholism, tobacco usage etc.

Methodology

The methodology we follow is coherent with the **Maslow's Pyramid of Human needs**.

In his Video Message for Xpression 2018 :

“I am happy that ISKCON is organizing Youth Festival. ISKCON has a special place in India . I am glad that thousands and thousands of devotees are practicing ISKCON routine all over the World and also doing many charitable things like Social Work, Character Building and Education also.

And that’s why we want this conference also to bring suggestions about this because I believe that mind is not just dull matter and education is not tons of information and reproduce it by writing into answers. Education is comprehension, communication and more importantly making it life. So we need Value Education, Character Building, Lifestyle Education, Experiential Learning, Skill Development. All this require space. We must produce a good human being out of this. I request your conference to also bring suggestions. All the best. ”

Mr. Sajjan Jindal
MD & Chairman, JSW Group

The Expression '17 is the first experience I have had and I saw so many children and so many youth, more than 15000. It is a very fantastic initiative taken by ISKCON. All the speakers were giving fantastic concepts and philosophies. At this age the youth is very immature and if right words are given to them, they can be positively influenced. We’ve been following the west very passionately, we think that the western philosophy is to give us guidance. We forget our Indian way of living.

I think more and more leaders should be thinking about spreading the Indian way of living. Expression 2017 was fantastic, beautiful. ISKCON is doing good work because they are spreading the cause of the philosophy of Hinduism and also they are talking about the De-addiction, today’s program is based on De-addiction for the youth of INDIA. Today many youth go astray very easily, so ISKCON is sending out a good message. I think if we follow the philosophy of ISKCON and follow our scriptures, it is very easy to live our daily life. I think it is very simple way of doing it. The expression festival was amazing because the amount of youth and youngsters here and the enthusiasm that I saw in them was really amazing.

I think I had very positive vibes and after seeing such a youth movement and particularly जैसे ISKCON ने प्रोग्राम को अरेंज किया है वह अपने आप में एक एग्जांपल और इससे यह क्लियर एस्टेब्लिश होता है कि इस्कॉन एक धार्मिक मोमेंट नहीं है |

जो कल का भविष्य है उसको साथ में लेकर चलना चाहता है i think जो youth के लिए कार्यक्रम ISKCON के द्वारा आयोजित किया जा रहा है, एक अच्छी चीज है |

I am a part of ISKCON, whatever I can do to help the people. I consider it is my privilege ,so specially with the youth you know we can loose their way very easily so if we can inspire them to be more positive and they can do wonders and if one can start early we can change the country. This Xpression has a huge benefit for the whole city of Kanpur specially the youngsters and ... I think it's a wonderful chance.

देश का युवा - उसको संभालना बहुत बड़ा काम है। अगर हम उसको पढ़ा लिखा सके, अच्छी शिक्षा दे सकते हैं, सही रास्ते पर जीना सीखा सकते हैं, तो ये राष्ट्र की संपत्ति बन जाएगा। और अगर हम उसको नहीं पढ़ा लिखा सके, तो वो ही अपराधी बन जाएगा। देश के लिए कानून अर्थव्यवस्था बन जाएगी। इसीलिए एक बहुत बड़ी जिम्मेदारी आती है, सारे संगठनों पर, सारे राजनीतिज्ञों पर, सारे राष्ट्र की संस्थाओं पर, सारी शिक्षा संस्थाओं पर, सारे कॉर्पोरेट वर्ल्ड पर और सारे मीडिया ग्रुप पर कि युवाओं को सही रास्ता दिखाएँ।

सही रास्ते पर लेके जाएँ और शिक्षा दें। शिक्षा दी तो वो असेट बन जाएगा, शिक्षा नहीं दी तो क्रिमिनल हो जाएगा। मुझे लगता है इस्कॉन ने बहुत अच्छा प्रयास किया है देश के युवाओं को एक सही रास्ते पे ले जाने के लिए। युवाओं के फेस्टिवल से उन्होंने ऐसे लोगों को जोड़ने की कोशिश की ताकि वो सही मार्ग पर चले। उनके जीवन में चरित्र आए, आदर्श आए और भारतीय संस्कृति को समझें। ये बहुत अच्छा प्रयास है। इसके लिए इस्कॉन को बहुत बहुत बधाई।

सी.एस.आर. के अंतर्गत ये प्रोग्राम होता है और सरकार की योजना है कि सीएसआर पर हर कंपनी को अपना रैंकिंग बढ़ाना होता है। उसी के अंतर्गत ये प्रोग्राम हुआ है। ये प्रोग्राम उस तरह से पॉजिटिव दिशा में काम कर रहा है, डेडिकेटेड प्रोग्रेस है। इससे आज का युवा प्रोग्रेस करेगा | आज के युवाओं से मैं कहना चाहता हूँ कि बी पॉजिटिव, थिंक पॉजिटिव एंड डू पॉजिटिव, अच्छा सोचेंगे, पॉजिटिव सोचेंगे, लाइफ में प्रोग्रेस करेंगे | हरे कृष्ण।

De-addiction drive is one of the roots of the CSR initiative and that's why the CSR funds are used. So ISKCON has associated itself as a CSR incentive supported group. And I have the hope that ISKCON will do its job in transforming the youth and I wish them the best of luck for the future. This program was meant for the benefit of the youth and ISKCON has done a good job.

Testimonials

Akshay Goliyan - Batch 2019, B.Tech MNNIT ALLAHABAD

"Before being introduced to Vocational Training Program, I was badly troubled by stage fear, lack of communication, no fluency in language, inferiority complex, lack of computer skills and I did not know how to deal with people.

Their Culture helped me a lot because there everyone always corresponds with each other in English language and the encouragement we received there for improving our self is wonderful. Also I came across some wonderful meditation and yoga practices .Books like "Art of concentration in the age of distraction", "Self manager", "Proactive leader" helped me very much. They also helped me in grooming my computer skills which boosted my confidence.

I am extremely grateful to them and their training because the problems which I was facing before have been cured up to 90% and now I am very confident to deal with situations."

Brajesh Kumar Adarsh - Batch 2017, B.Tech AITH KANPUR

"Actually when I was in first year, I was addicted to smoking and drinking because of wrong association of my peers I also used to watch pornography with friends and it was very dangerous.

Because of these self-devastating habits I was lacking self-confidence. I tried to get rid of all these bad habits by reading some books and similar other stuffs but that did not helped me.

But after I was introduced to ISKCON volunteers, their motivation and good association helped me overcome all these wrong habits and addictions. This happened because of the good training in character and values, starvation of the bad habits, and supplementing good habits and hobbies like meditation, yoga and art of positive thinking. I am very thankful to them for providing such facility. "

Abhishek Pradhan Batch 2019, B.tech - IIT BHU

"In my early school and college days, it was a frequent problem of having inferiority complex or being stressed by better performing friends. Also I use to get irritated and angry in small things and it was becoming my nature.

After observing that it was hampering my academics and peace of mind I tried many things like reading books related to mind control but without proper guidance all went in vain.

But after I came to the association of ISKCON volunteers and training program provided by them I started regular practice of meditation and good conduct. In a very short time I could give up all those bad habits. Being a part of that training I developed good communication skills and a certain degree of confidence to manage things in my life. So, I am really grateful to them for what all they have given me. "

Aman Pal Batch 2021, Electrical and Electronic (PSIT Kanpur) -

"This type of class should be conducted every year which will help budding engineers to flourish in their life. It was this class who helped me to do perfect time management."

Vijay Kumar Batch 2020 Computer Science (PSIT Kanpur) –

"Mr. Sahil garg sir is such a down to earth person and perfect example of true leader. He is amazing person with wonderful communication skill."

-

Vaibhav Joshi - Batch 2017 B.Tech HBTU Kanpur

"When I came to Kanpur in 2013 , in my first year I was very introvert and due to my low rank , I felt inferior among my friends .Most problem I faced from college seniors who used to rag me and it further increased my inferiority complex . I tried to befriend some of my classmates, but all were mostly either too much in intoxication and drugs or in self-destructive habits.

One day through seminar on positive habit cultivation and importance of association, I got in touch with ISKCON volunteers who unlike other seniors never pointed out our faults rather encouraged us in our good fields .They selflessly helped me by giving their valuable time and energy in regular guidance in studies, forum of personality development like interacting with many students, and physical and mental fitness through yoga and meditation.

I am very grateful to them, that they gave us marvelous training and lifestyle to become principle centered leader .Today as I pass from college into industry life, I march with confidence to face corporate world nicely."

Pradeep Kumar - Batch 2018 B.Tech MNNIT ALLAHABAD

"I am from a very poor rural background of Himachal Pradesh . Although I got selected in an NIT but I was not in a very good financial standing , but ISKCON volunteers provided me support by giving me nice hostel facility where they provide extremely pure , clean , hygienic and properly cooked food .

They also helped me by paying around Rs. 10000 – 14000 for one very important Skills Training Workshop. I also got very nice assistance regarding medication worth Rs. 800 during my ill health (7 days hospitalized). I got straight forward guidance for future goal of placements and pure life from this training. My financial problem regarding purchasing of book was also solved because my seniors provided me all necessary book and computer assistance for my studies in all subjects.

I would really like to thank them because without their help, support and guidance, it would have been very difficult for me to continue my studies as well as to maintain good character and values. "
