

“Drought experienced in East Pokot is one of the worst situations in the last 19.5 years”

World Vision.

100% of donations go to buying goats. Get donor reports, Video Documentaries, and photos

Drought & Famine

- 6 Years of prolonged drought.
- Approximately 30,000 livestock lost
- Approximately 100,000 people lost livelihood
- 32 People died in ongoing Malaria outbreak
- Drought affected 23 Counties Nationally

Negative Impact of Drought

- Starvation and malnutrition
- Loss of lives-Mostly children/women/elders
- Hunger affects school calendar-High Dropouts Rate
- 4% Literacy Rate

Livelihood

- Pokots majorly depend on Goats for food and school fees
- Climatic conditions does not support sustainable Farming
- Pokots are the poorest community in East Africa.

Importance of the Goat Project

- Goats make sustainable livelihood in East Pokot
- Goat provide households with milk, meat and school fees when sold
- Goats can generate income to households
- More Pokots will be uplifted out of the current 67% Poverty Rate.
