

## SUPERMOM PROJECT

# Of Mothers to impact at ECWA Maternity	Proposed Prenatal Vitamins Needed	Maternity Wipes - Pre and Post natal intimate wipes.	Bottled Water	Reduced transport cost and increased access to Maternity Health Care
50	50	250	250	\$50 Per Mother

Mothers at ECWA Maternity = 50 multiplied by number of proposed prenatal vitamins cost, maternity wipes cost and bottle water cost.  
Including Cost for Reduced Transport and Increased access to Maternity Health Care services.

Prenatal Vitamin Cost  $\$40 \times 50$  (Mothers to Impact) =  $\$2000$  Maternity Wipes cost  $\$10 \times 250$  (number of wipes needed) =  $\$2500$  Pack of Bottled water  $\$10 \times 50$  (Mothers to receive water) =  $\$2000$  One time reduced cost. for transport and access to maternity health care  $\$50 \times 50$  (Number of Mothers to impact) =  $\$2500$

**AMOUNT NEEDED:  $\$2000 + \$2500 + \$2000 + 2500 = \$8500$**
