**CENTRE FOR WOMEN AND CHILDREN
AND DEVELOPMENT'S BRIEF**

Centre for Women and Children Development was founded in year 2004 and incorporated as a trusteeship in 2009 with headquarter situated in Akure, the Ondo State capital. CWCD is an indigenous organization in Nigeria that is nongovernmental, nonprofit making and nonpolitical. CWCD is more interested in solving health issues especially those revolving around Women and Children in line with its motto, 'Protecting and Preserving Lives'. The organization has reproductive health as its major intervention area with focus on PMTCT of HIV/AIDS, OVC, Family Planning Services, Immunization and Child Health Services fully incorporated.

The organization all began with a few women in the ANC, who were motivated to help others, along with the visionary who saw the need to help other women who are neglected and with poverty written all over their faces.

CWCD engages in other services such as HCT, Community Development activities, Advocacy, Malaria and TB intervention programs, women's programs involving weekly/monthly seminars at ANC Clinic, monthly welfare programs and family planning sessions where the target populations are gathered together for this purpose.

CWCD has reached up to ten million Nigerians in 3 states; Ondo, Ekiti and Ogun within the past five years of existence, contributing to the Socio-economic Development of women, youth and men in the community.

The weekly seminars are based on educational topics to include women's economic empowerment, skills acquisition (short time weavers, candle/paint making/ tie & dye), activities that would promote and strengthen their financial capability to enhance their good living, alleviate suffering and poverty.

Family Life Education also was extended to secondary schools, preaching total abstinence and delay of sexual debut till marriage. Abortion is totally prohibited. Programmes such as, 'Abortion is not a solution but dissolution of life and destiny' is a Behavioral Change Communication (BCC) committed to teenagers, a *catch them young approach* to the truth of life.

CWCD as an active member of Civil Society Organization NGOs working on HIV/AIDS enjoyed the opportunity as the first organization in Ondo state on PMTCT of HIV/AIDS powered by USAID in Jos Plateau State in May 2007. Being an NGO working on Sexual Reproductive Health and having most of its activities centering on pregnant women qualified her for this training thus making her the first indigenous organization to flag off the programme on the 29th of January 2008 in Akure-Ondo state. This simple action actually brought UNICEF into Ondo State on the same program which spread into major health facilities in the 3 territorial districts in Ondo state of which the state has gained tremendous technical assistance from in areas like quality trainings and infant feeding options, sharing best practices and experiences of an international standard. CWCD works hand in hand with relevant NGOs within the Coalition groups she belongs to.

MEET OUR BOARD MEMBERS

CITATION:

Dr. E. O. Babatunde M. B. B. S (Lond)
F.R.C.O.G. (U.K) F.I.C.S.

Dr. Babatunde was born in Ogotun-Ekiti. He attended St. Bartholomew's Primary School 1945-1950 and St. James Primary School 1951-1952.

In 1953 he passed to the famous Christ's school Ado-Ekiti. In 1958-1959, he taught in Christ's school as a pupil teacher having passed WAEC in Grade I.

In 1966, he graduated as a doctor with M.B.B.S (Lond). He worked in UCH Ibadan 1966-1969 as a junior doctor. He traveled to the United Kingdom 1969 to study Obstetrics and Gynecology. He came back in 1973 to U.C.H as a specialist Obstetrician and Gynaecologist. He left for the civil service of the Old Western state from 1974-1976. He resigned from the Civil Service to start First Mercy Specialist Hospital as a private establishment.

Today, the hospital is 34 years old with three resident doctors. The hospital is the only private hospital approved in Ondo State for the management of HIV/AIDS.

Dr. Babatunde is married with Children and blessed with grand child.

THE VALUES WE SHARE

ABOUT US

Center for Women and Children development is non-governmental organization founded in 2004, at the state and the National level with CAC no CAC/IT/NO 31934

The organization is all out to mitigate the impact of poverty on the less privileged ones which cuts across health issues among others.

VISION

To see a society where women and youths are adequately empowered to greatly reduce victimization and vulnerability in life

MISSION

To facilitate better living for the woman and child through health programmes and life building skills.

GOAL

To promote life and sustainable development for the less privileged

VALUES

1. Service Delivery at all Levels
2. Gender Equity
3. Unbiased Integrity
4. Accountability

5. Mutual Understanding
6. Professionalism
7. Partnership
8. Capacity Building
9. Innovation

AIMS/OBJECTIVES:

1. To enhance and promote the health of women and children
2. To reduce social problems like illiteracy, teenage pregnancy/abortion, school dropout, single parenting, broken marriages and such behavior that is inherent to aggravating these problems. We employ the method of voluntary but skillful counseling, awareness campaign and health education including Family life education in school. CWCD engages in constant advocacy to stakeholders to enhance other socio-economic activities ensuring that women and youths are empowered through skill acquisition programs as well as promote awareness program through micro-credit opportunities. We encourage and supporting women and youths to start their own small savings on their own to promote their well-being; this is done through weekly monitoring exercises. CWCD is presently in Ondo, Ekiti and Osun States affecting the lives of lots of women and children positively with her numerous programmes.
