POP-UP FESTIVAL

Tell me more !

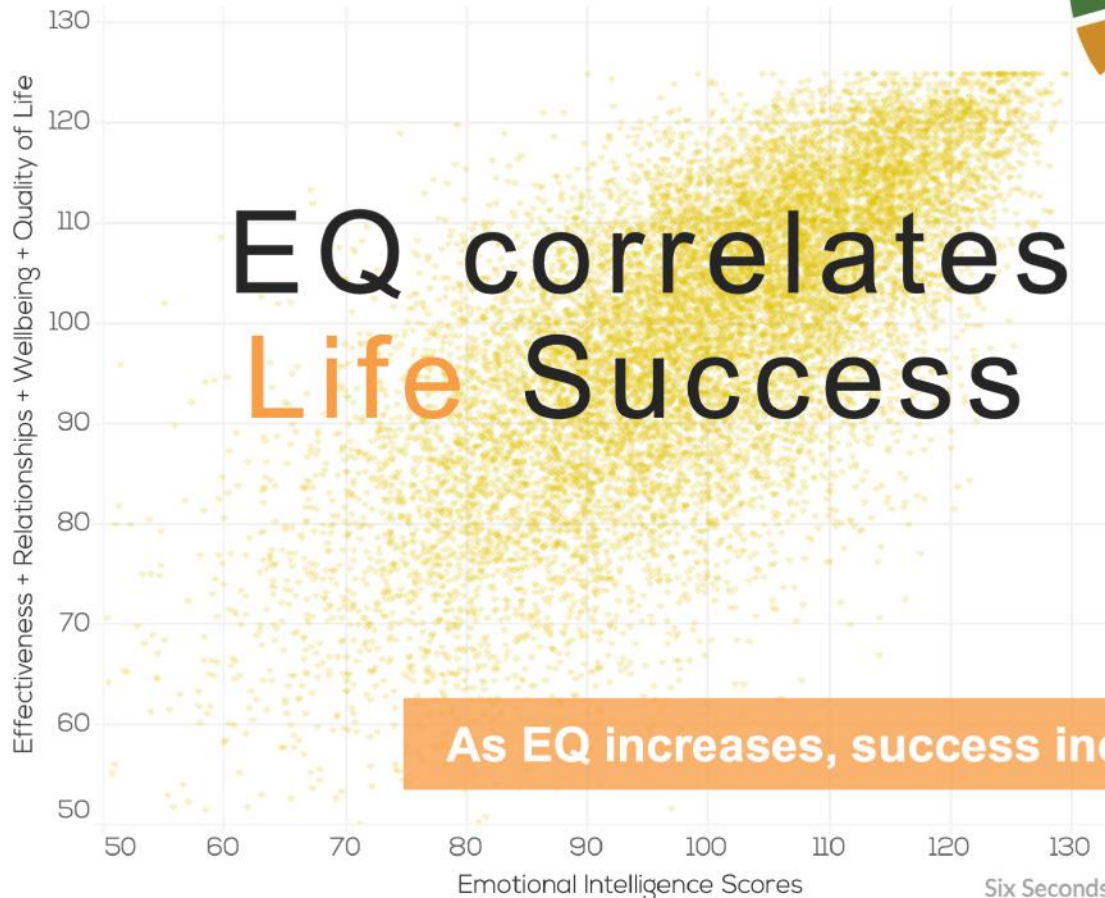

A POP-UP Festival is a hands on learning experience that you create by printing activities, gathering simple materials and inviting people to join the fun. Each host decides which activities to use and for their audience.

Activities range from role play, art projects, mini discussions, and games. These inclusive activities bring emotional intelligence skills our attention and encourage positive relationships.

POP-UP Festivals were designed to be easy to deliver, with no special training, equipment or materials needed. POP-UP festivals can be tailored for any age and group size. Everyone is invited! POP-UP Festivals are FREE and can be held on November 20 to celebrate World Children's Day or anytime in the month of November. POP-UP Festivals support the Sustainable Development Goals (SDGs).
