What is Twilight Community Group?

We are an open inclusive Community Development Group. All our activities are based on our International Integration Protocols

Integration Network Protocols are to assist in **Community Development, Integration**, leading to the more opportunities for all our Citizens regardless of background, Nationalities, creed or ability.

Integration Network protocols are a “bottom up approach”. All our programmes and the development of new projects between Local Authorities & Community Groups, Sporting Organisations, Youth Groups etc, will maximise participation and social inclusion.

Twilight Community Group's Integration Network protocols are the follow-on step from the Twilight Groups initial Twinning programme

Twinning Protocols and the Integration Network will formulate the third module of our ongoing programme.

Each Module can be introduced separately or as a full Twilight Community Group programme

This was Introduced to develop a regional and an International network

To develop a Protocol Programme there are several important **“Sectors of Interest”** that must be followed

- **Community Interests.**
- **Exchange Programmes**
- **Commerce Arts & Cultural**
- **Sport**
- **Citizens Involvement Programmes**
- **Youth Groups**
- **General Advice Agencies (Locally and Nationally)**
- **Funding Streams (Locally, Nationally and European)**
