

HELP MYKOLAIV & BATUMI YOUTH WITH DISABILITIES

The project will create a space for communication and development of 30 young people with disabilities (cerebral palsy, Down Syndrome, autism, etc.) and their parents from Mykolaiv and Batumi.

This project will help

30 young people with disabilities:

- to find faith in the future and become more confident, while taking part in art-therapeutic groups.
- to develop communicational skills, to build a project of their own future and to be successfully involved in society with the help of developing and educational training courses
- to achieve an ambition and travel to Georgia for participating in Christmas psychological camp for the first time
- to feel care and warmth of strangers after receiving Christmas presents
