

SOFERA

ASSOCIATION SOFERA INCLUSIVE AND EDUCATIONAL FARM

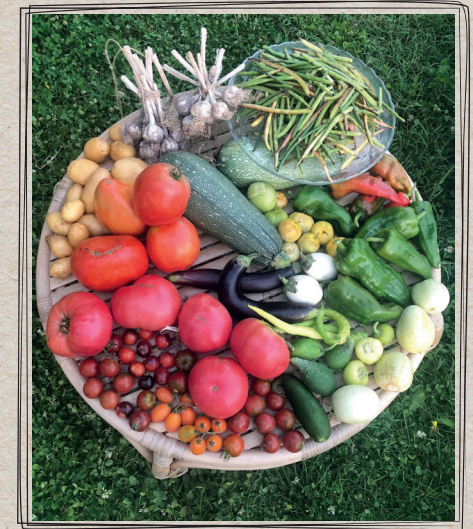

You can support our activity by claiming your seasonal product baskets and get involved in the farm activities offered!

EDUCATIONAL CAMPS

In the form of group games or individual tasks, children discover and learn the beauty of nature in all its aspects. Each of the training modules is thematically designed and oriented according to the annual rhythm and seasons.

INCLUSIVE AND EDUCATIONAL FARM

"In the garden, we learn to observe and discover, to explore and measure, to plan and predict."

INFO@SOFERA.ORG

BIODYNAMIC AGRICULTURE

The Sofera Association is an initiative to create and develop an Inclusive and Educational Farm. Our cause is related to the transformation of agricultural practices, enhancing the interaction between man and nature and promoting the vitality of the earth and the holistic health of the community. Following the principles of biodynamic agriculture, we seek a holistic ecological and ethical approach to farming, horticultural practices and food production, supporting all actors in the community with the primary goal of human care.

One of our main goals is to introduce and engage children and young people with difficulties with the fundamentals of agriculture and craftsmanship and to provide them with a place where they can learn and develop their independent living skills.

COMMUNITY

We see Sofera as a social workshop for the future, as a community-building center that paves the way for something new, fosters individuality and makes children being able to live at all levels to participate actively in society.
