Northern Uganda post conflict situation is currently aggravated by contextual human rights abuses and violations. These concerns are being socially legitimized and are accompanied by an unchecked culture of silence. Women and girls are often most vulnerable and are in the epicenter of the brunt. Gaps

in the current justice system leave inadequacies for women and vulnerable communities' completion the return process with significant economic depreciation and higher rates of poverty.

### About us

PathWAY Initiative for Development (PID)-Uganda is an indigenous Non-Governmental Organization (NGO) that is registered with the Uganda National Bureau for NGOs under registration number S.5914/8753. The organization was founded in Uganda in 2007 by a group of indigenous professionals; who are part and parcel of those who suffered brutality of the prolonged civil strife in northern Uganda.

PID-Uganda has a regional focus on northern Uganda with the aim of contributing to the promotion of sustainable development in northern Uganda

### PID Vision

A just, peaceful society with economic security for all

### PID Mission Statement:

To promote social justice and economic security for communities in Northern Uganda through social mobilization, capacity building, connecting people to resource systems
