

## MISSION:

We are the School Support Foundation "Homework Club", we seek, through our programs, to contribute to the personal and academic training of preschool and primary school students, of the educational institutions of the impact zones. For which we have a highly qualified interdisciplinary team willing to provide educational and psychological support to each of our beneficiaries, and thus achieve the expected achievements in their school grade

## VISION:

Homework Club will be a foundation of high social impact, recognized for its specialized school support and for having an educational methodology according to the needs real and changing society current; trying to form an individual integral that suits various contexts and generate solutions by means of using intelligences multiple.

**FUNAPEC**
