2021

COVID-19 Protection Items, Training

The Board of the **FRIENDS OF CANON GIDEON FOUNDATION** 501(c)3 cordially invites you to assist Hope Institute—Uganda with provisions for COVID-19 prevention, including teacher and student training, plexiglass barriers, masks, hand-sanitizer, and virus testing kits.

Canon Gideon Byamugisha is a teacher, pastor, and theologian, widely known for his work to prevent the spread of HIV/AIDS in Africa. An HIV+ Anglican priest, Gideon founded Hope Institute in 2002 and has since offered high school diplomas, vocational training, and HIV prevention guidance to 3,500 youth. There are approximately 100 students; about 1/3 are girls, and half live on campus.

New for our eighth fundraiser, a **MONTHLY GIVING PROGRAM** can provide steadier income and realistic budget planning for Hope Institute. Please consider a monthly gift of \$15, \$20, \$30 or other amount. Here are options for becoming a life-saving monthly donor or making a one-time donation.

Please fill out the enclosed card and send it back to us in the included envelope.

Thank you!
