

Creating Social & Economic Transformation in the DRC

Give The Gift Of STEM Scholarships!

STEM Education will empower bright young Congolese students to create a brighter future for the nation.

Imagine The Power of 100 STEM Scholarships per year producing 700 STEM Professionals working in the DRC by the year 2030.

The STEM DRC Initiative Is a Nonprofit Organization promoting Education, Research, and Entrepreneurship in fields of Science, Technology, Engineering, and Math (STEM) in the Democratic Republic of the Congo (DRC) with help, support, and donations from the Congo, Diaspora, and USA. **All donations are tax deductible under Internal Revenue (IRC) Section 501(c)(3)**
