- To share experience and knowledge to improve accountability and transparency in relief distribution locally.
- To improve the living conditions of the people in Corona Virus Affected Areas.
- To create awareness about prevention, hygiene, Social distancing, Isolation and combating stigma.
- To create awareness on COVID-19 and distribution of Pamphlets to the community.
- We are trying to help the orphans, migrant labours, travelers and road side beggars by supplying them with a grocery kit (Rice, Wheat and Oils).

3. **Project Summary:**

COVID-19 is an infectious disease caused by a newly discovered CORONA virus. A new virus called the severe acute respiratory syndrome CORONA virus has been identified as the cause of a disease outbreak that began in China in 2019. The disease is called CORONA virus disease 2019 (COVID-19).

The virus is a type of CORONA virus is a family of viruses that can cause illnesses such as the common cold, severe acute respiratory syndrome (SARS) and Middle East respiratory syndrome (MERS).

4. **What is the problem:**

Amid the novel COVID-19 outbreak in the country, the number of confirmed cases in India rose to 1642 as on the day. Out of these cases, 47 are foreign nationals, said the Union Health Ministry. There have been 29 deaths so far in the country. Currently, as per the orders of the government, India is in a complete lockdown for 21 days that began from 25 March to 14 April 2020.

All incoming travelers to the country, including Indians, who visited China, Italy, Iran, the Republic of Korea, France, Spain or Germany after February 15th of 2020 would be quarantined for at least 14 days.

Kurnool is one of the Corona affected District in Andhra Pradesh State. Due to Lockdown many of the Beggars, daily-wage labors, Agricultural Workers, Orphans are facing many problems for the food and living. Hence, we would like to provide Food Groceries, Milk Packets, Water Packets, Rice Bags in Urban and Rural in Kurnool District.
