

# CHANGING LIVES

## HEALING HUMANS & HORSES

Over 100k of Americas horse are shipped to slaughter every year. Many have served mankind dutifully for years. When they are no longer able to be ridden due to physical or mental issues they are thrown away. We believe that these incredible sentient beings have more to offer and gifts to bestow upon mankind. We rescue them, rehabilitate them and those that are willing to trust again partner with our coaches to help humans heal emotional traumas and live a fulfilled life.

Funding supports the rescue, rehab and ongoing care of these wonderful sentient beings.

Our program helps survivors of domestic abuse, human trafficking, at risk youth and Veterans get on the road to healing their emotional trauma, gaining awareness and moving towards a positive future. The Equine Gestalt Coaching Method® is a type of coaching that helps clients bring to their awareness emotional blockages and unfinished business that may be holding them back in their lives. The personal work the Equine Gestalt Coaches guide our clients through is “in the moment”, deeply tied to somatics (body responses) and experiential in nature.

As humans and horses come together in a safe, non judgemental environment anything is possible and healing occurs. We honor what is possible for humans and horses alike. Join us in saving lives and making a difference.

Funding allows us to offer our healing programs to humans in need.
