The Life Journeys Writing Workshop and Beyond

Mission Statement

The *Life Journeys Writers Club*, also known as the *Life Journeys Writers Guild* (DBA), embraces, nurtures and recognizes its members as passionate readers and writers, and empowerment seekers through the Literary Arts—the written word rendered in all mediums.

The *Life Journeys Writers Club* dba *Life Journeys Writers Guild* seeks to use literary arts as an empowerment tool to help disenfranchised and underserved families, men, women, and youth engage in a creative process that incorporates academic, self-esteem, personal/social tolerance, and communication skills building. *LJWC/LJWG's* goal is to produce empowered families and individuals prepared to live productive and happy lives.

The *LJWC/LJWG* is an ever-growing diverse group of writers, eclectic in genre, professional backgrounds and experience. It welcomes professionals and amateurs, alike. It encourages, informs and promotes writers with the purpose of propelling their literary passions to the next desired levels of success. It also seeks to serve as an all-inclusive economic bridge to research, resource, literary opportunity as well as a vehicle to self-improvement throughout the community.

Its members shall always abide by a civil code of honor, behavior and encouragement. Critiques and written material, while always creative, many times edgy, and honest, must neither be cruel nor overtly offensive. The *LJWC/LJWG* reserves the right to reconsider and/or revoke membership if that code is violated or if a conflict of interest obstructs the progress, purpose and/or good of the nonprofit.

"Writing is perhaps the greatest of human inventions, binding together people who never knew each other, citizens of distant epochs. Books break the shackles of time. A book is proof that humans are capable of working magic." – Carl Sagan, Scientist and Best-selling Author

"One of the cornerstones of Literary TherapySM, designed to work for the enhancement of mental health and positive creative self-expression." – Yvonne J. Medley, Founder of Life Journeys Writers Guild, Inc.
