

# EMERGENCY COVID-19 RESPONSE FOR ARTISANS

Increased rates of Coronavirus and unemployment have hit the economy of Santiago Atitlan hard. This project will ensure that we tackle the ongoing emergency, especially as it affects artisan women weavers, in 3 main ways:

1

Keep our artisan weavers employed and our business administration up and running

2

Provide education support to children of artisans so they don't fall behind as schools remain closed

3

Prepare food and hygiene packages to distribute to our weavers and the community at large as needed

**YOU CAN HELP US BY DONATING TO  
OUR EMERGENCY RELIEF FUND**
