Who we are

Rays of Hope Centre (ROHC) came into existence as a Christian Non-Governmental-Organisation in the year 2009. It was founded in co-operation with a German Organisation, Aktion-Lichtblicke Ghana e.V.

Vision

To enable former children of the streets to reintegrate into society and lead a happy and autonomous life

Our Mission

- To build individual opportunities of reintegration into family and society.
- To prepare the children for school life and support them during their course of education.
- To convey social, moral and religious values.
- To establish contact with marginalised children from the streets.

Our Focus Areas

- Field Work
- Education
- Reintegration
(Reactivation of family participation in the needs of their child)

Together We Can End

- Child labour
- Child trafficking
- Streetism

First Contact Place (FCP)

The First Contact Place (FCP) in Ashaiman primarily serves as a day care Centre for new beneficiaries from the streets, to prepare them for school life. Prep activities also take place for beneficiaries who are reintegrated into their families and are attending school in Ashaiman and its environs.

WEM Centre

The Welfare - Empowerment - Mobility - Centre is located in Ayikuma where our beneficiaries get temporal accommodation. They attend basic school in Ayikuma. After school the beneficiaries are engaged in daily preps to do their homework and get some extra academic training.

WEM Farm

The WEM farm is our maiden local income generation module. We currently have a mango plantation, poultry and grass cutter rearing on the farm.

Give us a helping hand

We run on the good will of donors who appreciate our efforts in supporting these vulnerable and non-schooling youngsters who have taken the decision for a brighter future. We would like to call on you to assist cover a part in our running costs of our Centres in Ashaiman and Ayikuma.

Please call the Administration for any discussion in respect of supporting the Centre:
