22 PROJECT SUMMARY

The area of intervention of this project is located in Kikuyu ward in Dodoma region, with total population of 2,492,989 in the suburban residential and characteristically slum areas. IYO commit to empower 180 widows woman and youth teenage mother from Kikuyu ward through tailoring training program, entrepreneurship development and income generating activities. Upon completion of six months (6) training, 180 widow's woman and youth girls will receive sewing machines.

This project will help widow's women and youth teenage mother to attain skills in sewing enable to earn income and support themselves and their families.

SITUATION OR CHALLENGE

Kikuyu is among the wards in which many of its inhabitants lack skills for their future, the economy is very poor. People living in these areas are in condition of extreme poverty and consequently they have no possibility to afford the costs of basic needs, such as shelter, education, healthcare and food. The majority of the families especially Widows woman have an average number of six children per household and they struggle to survive by doing odd jobs; such sex work. Therefore all the family incomes are basically oriented to first needs and in most cases they cannot afford the cost of school fees for the children. In the case of a family that can afford the cost of the school fees most of them don't have money to purchase school materials as exercise books and texts.

Many widow's women in Dodoma are victims of different domestic violence after death by their husband especially by HIV/AIDS most of them are rejected by the families or communities. Despite laws protecting their rights, widow's women in Dodoma still struggle to grab and retain property such land and livestock by relatives. One of the factors makes it difficult for most of widow's women in Dodoma to achieve their full potential are limited formal education. 60% of widow's women in Dodoma households leaving as the sole responsible person for maintaining their family. These factors contribute to the deterioration of health, housing, and economic conditions of the households.

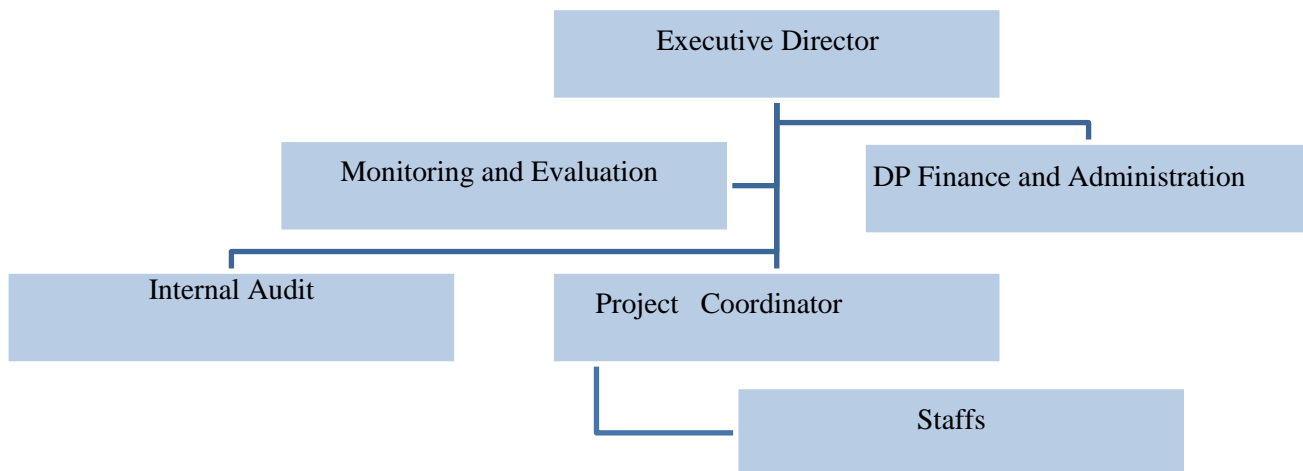

HOW THIS PROJECT WILL SOLVE THE PROBLEM

This project will reduce poverty among widow's women and youth girls from poor background, increase financially independent , economic growth and further improve self esteem that will preventing them from domestic abuse from the communities. Also will be trained to find markets online applications for they products and how to keep proper financial records.

LONG TERM IMPACT

The project will increase the self-reliance of 180 widow's women through a tailoring training programme to become tailors, will provide more activities which will employ more womans and those who are the direct beneficiaries of the project finally will become self employed woman by putting in practices their skills and talents as a result poverty will be challenged because even women who did not go to school will be equipped with skills
