

YEV COVID19 RESPONSE NEWSLETTER.

OUR BACKGROUND.

Youth and Environment Vision (YEV) is an organization established and registered as CBO in Sep 2012 and then in 2018 August it was registered as NGO.

Since its establishment YEV has been tirelessly striving towards youth activation, empowerment and environment restoration.

CURRENT STRATEGIC OBJECTIVES (2016-2020).

Our current strategic objectives includes:-

- ✚ Youth voice and democratic participation improved.
- ✚ Youth economic wellbeing improved.
- ✚ Youth Health status improved.
- ✚ Solid waste management improved.
- ✚ Climate change mitigation and adaptation improved.

COVID19'S CURRENT TRENDS.

Tanzania like other nations around the world is currently struggling to control and prevent the spread of the COVID19 outbreak and its effects. The COVID19 was declared by the World Health Organization (WHO) to have reached a level of global pandemic on 11th March 2020, due to its alarming levels of spread and severity. There are already more than 11,841,326 confirmed cases of COVID19, including more than **544,739** deaths globally as of 09th July 2020 (WHO COVID19 data).

In Africa we have more than **397,942** confirmed cases of COVID 19 and more than **7,415** confirmed deaths, according to WHO COVID19 data.

YEV COVID19 RESPONSES.

Since March 11th 2020 when WHO declared COVID19 as pandemic, YEV has been fighting towards preventing community members against COVID19 spreading by creating awareness and supporting the most vulnerable communities with protective materials. **The pollination project (TPP)** supported us with a seed grant that enabled us to run this project.

OUTPUTS OF OUR COVID19 RESPONSE.

- ✚ **20,000** community members have been reached through COVID19 awareness program; this was done through posters and social media (Facebook and Twitter).

✚ **1650** community members from most vulnerable groups, including the orphans, elderly and people with disabilities, have been supported with WASH Facilities including **20** hand wash containers, **200** liters of liquid hand wash soap, where **10** centres of most vulnerable groups have been reached in Mwanza city and Misungwi district.
