About

Queen Laura Foundation began it's work in 2017 and was incorporated in 2019 as a non-profit organisation, in response to the millions of south Africans going to bed hungry. Today our "feed the hungry" center in Mamelodi Pretoria South Africa is evolving to meet local needs in the fight against hunger in South Africa.

We want to save lives by eliminating hunger through the prevention, detection, and treatment of malnutrition. We also tackle the underlying causes of malnutrition and its effects by using our expertise in nutrition, food security, water and sanitation, health and advocacy."

Queen Laura Foundation means Hope for the hungry in South Africa. Therefore it symbolizes the new beginning that we provide South Africa .
