

Perfect Inc.

“Providing Opportunities”

Our mission is to provide to our program participants through job training, job placement and lifestyle coaching.

Who We Are

Perfect Inc., a 501 (c) 3, is a community of Individuals using their talents, influence, and expertise on behalf of women who've been incarcerated.

How We Work

Each participant is assigned a team of advocates who will work to ensure each client receives program-projected outcomes. In addition, our program curriculum provides interactive job training in the customer service, hospitality, and administrative support fields and industries. Once our women are prepared with all of the necessary resources to succeed, we place them in meaningful and rewarding employment, while still providing lifestyle coaching. All program participants are given continual access to program resources as needed to continue their journey. We work with both currently and formerly incarcerated women.

Currently Incarcerated

Exit Strategy Developing

Four months prior to release, we meet weekly with females in the prison system throughout the Greater Washington, DC area.

During weekly meetings, Perfect, Inc. works with each program participant to develop a post incarceration plan to include emotional and mental readiness.

Formerly Incarcerated

Phase 1– Hard and Soft Skill Development

Phase 2– Paid Internship
