Students in Palestine are deprived from pursuing their academic dreams and expanding their education. Throughout the constant struggles, sacrifices and challenges many of them face they continue to strive for more. Reach Education Fund (REF) gives students in need the chance to follow their dreams.

REF is a 501c3 non-profit organization founded in February of 2014 and is registered as an NGO in Palestine. Reach Education Fund was incorporated in the State of Louisiana and is based in Chicago, Illinois. Our mission is to recognize high school and college students in Gaza and the West Bank who possess the intelligence, will and commitment to contribute to their communities.

REF hopes to reach, educate and inspire honor level Palestinian students by aiding in their educational and professional development. Since its establishment, REF has provided scholarships to 471 students in Gaza and the West Bank, but we do more than that — we serve as a bridge for hope, growth and success.

The average cost for our students' tuition is \$2500 per year.

REF is honored by the overwhelming support of our Muslim communities throughout the United States and world.
