

learning the sewing, for displaced and migrant women whom taking care their families  
Diyala - Baqubah - Muqdadiyah - Khalis .

The women participating with man to get a work chance which are a suitable with their abilities and qualifications in the district of Baquba in the province of Diyala and contribute to reduce unemployment and rising the suffering of the displaced family.

- 1-i ncreasing number of women and improving the displaced the income of families , widows and orphans.
2. create a doubling of the numbers of women who can working in art of sewing through one of women's education to others with her in the family.
3. increase the mixing women with the outplace area and increase cultural awareness
4. The participation of women in the work of institutions of civil society and support her.
5. women's ability to perform her work with other area to perform the house works .

-----

Under the circumstances which Iraq lived and the crisis and immigrations, which Iraq suffered from it yet, The women stayed suffered more damages and pain from all of that , in the middle of sufferings . Whom the man faced because of immigration and joblessness . So the women same thing she is withheld the house and the habits and customs . But the worse of economic position or lost some families from heads . The women went to work's area because of difficulties and less of work fields which are a suitable for her . So reducing of free time , with difficult of balance between her home work and outside works . Then the organization performance the project of abilities development for a number of women to qualify them to perform the works which support their being , to earn suitable life , through qualify her to can work in sewing and embroidery field , which are important and a suitable in our society for a women as well as no difficult , to learn it specially it is a honor profession , which can the women got income , that a suitable with more difficulties whom the women faced , and solute a gig part of her needs and to strengthen her participation to build a society
