Team Up For Toys is a signature holiday program of the **Team Up for 1 Foundation**. The unique toy drive is specifically for children with challenges and whose families do not have the resources to celebrate during the holidays. With your help, we set out to raise funds and gifts of new toys to distribute to hundreds of children facing every possible setback. Each toy donation will put a smile on a child's face, encourage their imagination, and help them hope beyond their life's circumstances.
