*To whom it may concern:*

*The Querer Foundation is a non-profit institution created in 2017 for education, clinical- research and social awareness of rare childhood and adolescent neurological diseases.*

***Fundación Querer*** is willing to accept two children to enroll them in its Special Education school in Madrid, Community of Madrid, Spain and to employ two mothers.

*The characteristics of these children, so that they can be integrated into our school are:*

- *Age between 7 and 14 years*
- *With physical mobility*
- *Diagnosis of language disorder*
- *Diagnosis of neurocognitive maturational delay*
- *Intellectual disability up to 50%*
- *Autism grade I and II*
- *With sphincter control*
- *Epilepsy*
- *Dyslexia*
- *Aphasia*

*We offer two school places for two children in the Querer Foundation school as well as medical and therapeutic follow-up.*

*The school is bilingual in English and Spanish, although the children do not need to know either of the two languages to integrate, since we try to find the most appropriate formula for them.*

*The Community of Madrid and the Madrid City Council guarantee accommodation and official documents, as well as places in public schools for the siblings, if any.*

*Once the skills of the mothers have been seen, the Querer Foundation will look for the best possible job for them in the institution.*

*For any questions related to this issue, or information about the families, please contact us via email at [admon@fundacionquerer.org](mailto:admon@fundacionquerer.org)  
Also by phone: +34 914827873, attention Susana Lominchar.*

*Thank you very much,*

*Pilar Garcia de la Granja  
President of the Querer Foundation*
