3. Project Summary

The proposed project will be implemented in the Kurnool in Slum areas of Kurnool City. The beneficiaries have been migrated from the different parts of the District. They have constructed small thatched houses, huts and living outside of the town. Their Children parents are going for daily labor, Building construction works, working as Domestic servants and engaging in various types of menial works. Their daily earning is not sufficient to fulfill their basic and recurring needs. Hence, we are facing lot of problems to maintain families. Even, though they are maintaining families, some time they are not getting labor and other works. Consequently, their bargaining loans from the building owners, Money Lenders

and facing lot of problems to repay the loan amount. Otherwise, they also work with meager wages, the wages are not sufficient to maintain families. Hence, they are facing lot of problems to get daily bread, provide Educational to the Children and other basic needs. Hence, it became a problem to lead good and prosperous life. Therefore, the beneficiaries of Children parents are facing a lot of problems to maintain families and other needs of the Children, old age their parents and other family members.

4. What is the Problem

Because of poverty the parents unable to provide financial support for Educational materials, School Uniforms, Shoes, School Fees/ Tuition Fee and other things to their Children. Consequently, some of the Children becoming School dropouts and some of the Children are not regularly attending to the Schools. Hence, they are trailing behind in Education, health and other aspects. Therefore, it is necessary to provide financial support for the Educational Development of the poor Children.
