## PROJECT OBJECTIVE:

This project wants to funding seeds for 400 small vegetable gardens for 400 orphans’ families managed by children to grow, plant and harvest their own food. This will help ensure food security and hope to eat to this vulnerable orphan children families.

## CONTEXT

About 5.4 million out of its estimated 11.8 million people are under 18 years old. However, children and their families still face significant challenges. Despite rapid urbanization, around three quarters of the population live in rural areas. Poverty remains widespread, with 39 per cent of the population living below the poverty line and 16 per cent living in extreme poverty. Children are disproportionately affected by this poverty, experiencing multiple deprivations of their basic needs include getting food.

## SOLUTIONS

EJO TWIFUZA want to provide seeds and other necessary things for 400 small vegetable gardens for 400 orphans families managed by children to grow, plant and harvest their own food. This will help ensure food security and hope to eat for this vulnerable orphan children families.

## EXPECTED IMPACT

The project will be allowing 400 Families of orphan children to get vegetable gardens which will support their families to get food for health and well-being.
