

PROJECT TITLE: Send a Child in Bangladesh to School for a Year

Implemented BY: Disable Development & Educational Foundation (DDEF)

URL: [send-a-child-in-bangladesh-to-school-for-a-year](#)

PROJECT SUMMARY:

▪ ***WHO ARE YOU HELPING?***

- DDEF focus is to provide access to quality education to the children in disadvantaged Coastal and tribal areas through highly effective education interventions. Children are enabled to continue their education, having become confident, independent learners. DDEF approach includes mainstreaming children through bridge schools and strengthening government schools therefore, increasing their chances of retention.

▪ ***WHAT ARE YOU DOING?***

Planning, measuring, counting and educating to implement adequate service delivery in action on special education, health-rehabilitation.

▪ ***HOW ARE YOU DOING IT?***

Employing more staff in the school. Also by assisting Government in educating, providing inadequate first aid, food and health service as well.

▪ ***Where you are doing?***

Patharghata under Barguna district and Kotoali Thana under Barishal District of Bangladesh.

Requested Funding Amount: \$ 98,600.00

Donation Options:

		USD	Qty	Total
• \$10 will provide 2 school bags for 2 students for the 1 year total 200		10	100	1,000.00

• \$70 will provide Hygienic product and stationary at 200 children with disabilities 1 year		150	200	30,000.00
Total				98,600.00

PROBLEMS OR CHALLENGES:

- **WHAT CHALLENGES ARE YOU ADDRESSING?**

- Access to education in these areas is limited (a) because it is often locally unavailable, (b) because of domestic and economic pressures forcing children to work, (c) because Government schools are far and lacks proper facilities, and (d) because it has traditionally not been accorded value. Nearly half of rural children in our area are out of school, and literacy levels are around just 43%.

- **WHERE ARE YOU ADDRESSING THE PROBLEM?**

1 Sub-districts of Barguna are specially costal belt area where fundamental needs of special children education are totally deprived off.

- **HOW DOES THIS PROBLEM IMPACT THE COMMUNITY?**

Costal and tribal area is deprived of special children needs. Children with disabilities are the worst sufferers as without proper education they fail to realize their full potential & unable to contribute community as well as to national development process.

SOLUTION : DDEF runs bridge schools to mainstream out of school children; and strengthens Government schools by improving infrastructure and building capacities of teachers to offer quality education and ensure retention of children in the schools. Every year, DDEF benefits 5,000 children across 60 rural villages. Children are equipped with essential life skills for coping with the challenges of contemporary life along with learning literacy & numeric skills, & about hygiene and environment.

POTENTIAL LONG TERM IMPACT:

Improving chances of a bright future for tribal-costal children by providing them an opportunity to continue their education; enabling marginalized tribal communities to experience alternative and meaningful education; empowering communities to demand quality education from the government.

PROJECT MESSAGE: Implementation the project of Promoting education for the children with disabilities(special needs children) at Barguna district, Bangladesh .

ORGANIZATIONAL MANAGEMENT OF DDEF

DDEF has got a three tier organizational structure. Those are ---

- The General Body
- The Executive Committee
- The Advisory Committee

DDEF comprise a 23 member's General body and 7 members Executive Committee (EC). The Executive Committee is elected for a two-year term by the general body in every alternative annual general meeting. The executive committee is solely responsible for all the activities of the organization.

The Executive Committee selects an Advisory Committee comprising members, including the persons with varied expertise and knowledge in the relevant field, dedicated community organizers, local elites, members of the local authority and most popular and acceptable personalities of the community. Members of this Advisory Committee would contribute to **DDEF** for its proper implementation of programs and survival.

The General Secretary is carrying out the responsibilities of program implementation, all administrative and support services of the **DDEF** secretariat. The General Secretary of the organization is working as the ex-officio Member Secretary and the Executive Director of **DDEF** Secretariat.

The Executive Director is responsible for day-to-day activities of the organization. The staff members provide their every support to the Executive Director and perform their activities with full responsibility. A well-motivated and well-coordinated team of staff is making their endeavors to contribute to the mainstream development of the community. Performances of all the staff members are evaluated systematically and periodically.

FINANCIAL MANAGEMENT :

Over all financial activities of this organization will be governed by specific organizational financial management system. Financial Management team of **DDEF** well organized.

Regular participation of the general members is a great source of inspiration of the management team of **DDEF**. Accountability of the Organization management to its members is positively controlling the behavior, attitude and role of the members of the management team. The Financial management of the organization is very much systematic and transparent. So, that any difficulties or problem of this organization could easily be removed or solved without hampering the activities or objectives. There is no history of mismanagement and misappropriation of resources of the organization so far. The financial matters are handling with special care and due accountability .All financial transactions and accounts are maintained systematically and through a bank account.

- The Chief Executive would be the overall responsible person of all activities of the organization .He would be accountable to the Executive Committee (EC) regarding the implementation of the Project.
- The General members of this organization are the main steers of financial monitoring. The General members review and approve the annual financial budget and activities in the Annual General meeting (AGM) each year.
- The Executive Committee would also be done through quarterly meeting and regularly verifies all organizational activity expenses.

- The Executive Committee is the responsible tire for implementation of activity and finance of the organizational decisions taken by the general members.
- The member secretary / Chief Executive ,on behalf of the executive committee takes over al responsibility of executing the decisions of EC and the General Body.
- The staff members and senior staffs provide their every support to the chief executive and perform their activities with full responsibility

PROCUREMENT MANAGEMENT:

The procurement of goods or services will require complete recording and the expenses must be substantiated by proper documentation. Note that expenditure may not be accepted to the management or donor for procurement if those are not budgeted, allowable and reasonable. A procurement procedure must be followed. In case of extreme emergency which prevents to follow the procedure , prior permission must be sorted from the management . Administrative negligence or delays caused by poor management cannot be invoked to skip the normal procedure. The procedures to be followed for procurement of supplies are listed below.

Approval Committee: A list of approval authorities for procurement along with their approval limit should be kept prior to procurement. The Executive Director /Executive Committee of the organization must approve this list.

Procurement committee: The organization should form a procurement committee consisting of at least 2/3 members. The Executive Director and the accountant should not be included in this procurement committee. The Procurement committee will send their recommendations to ED or his/her designated person will finally approved but ED will remain accountable for all procurement.

Reporting System

DDEF Follow a regular and systematic reporting process using different monitoring and format Accounts coordinator collect data and prepared quarterly, half yearly and annual report of the organization. Chief executive /Director verify all information of the reports and presents in the EC meetings and General meetings regularly. . Every donor give their prescribe financial format for monthly, quarterly and yearly report. **DDEF** follow all of those format for financial reporting. **DDEF** also prepared trail balance, R&P, income expenditure report and balance sheet every year for face internal, External and Donor Audit. **DDEF** s have no extra computerized Accounting system but they prepared all of report in computer donor prescribe format.

Audit System:

DDEF recruitment of Audit system was very transparent. The project accounts of the organization shall be audited at the end of project or yearly or as to be suggested by concerned donor/funding organization. The consolidated account of the organization as a whole would be audited at the close of each financial year or above mention period . The auditor shall be appointed by the Chief Executive with the approval of the Annual General committee(AGM). For ensuring better financial control the Chief Executive may arrange internal audit for any of the projects or the organization at interval. The Auditors will submit their report addressing the Executive committee.

Raihanpur Disable School

Introduction

Disable Development and Educational Foundation (DDEF) was established on 1st January 2001 with an effort to spread the light of socio-economic development to all levels of society and to create a self-reliant and well-educated society for the development of disabled people. It is a socio-structural non-political voluntary organization

DDEF has been working mainly for the purpose of special education, training of youth and disabled persons, advanced training of farmers, fair use of local resources, social and economic development and creation of employment opportunities.

The organization is in different regions of the country such as; 4000 poor cleft palates and cleft palates completed free surgery operation program in Barguna, Barisal, Patuakhali, Pirojpur, Dhaka, Sirajganj and Jamalpur districts. The American donor organization has completed one with the cooperation of Smile Train. Also, various domestic donor organizations have been cooperating in this work since 2010.

Since 2008, unpaid special education programs are being conducted for children with disabilities from poor families in the village. Various donor organizations are assisting in this work. Currently 54 differently abled children are getting education in Raihanpur Disabled School run by DDEF.

One time grant is being provided to poor women. About 750 poor women have benefited from this program. Since the establishment of DDEF, around 800 wheelchairs, 200 walking sticks, 250 sewing machines and 25 crutches have been distributed free of cost to all the upazilas of the district, including Patharghata, Bamana and Betagi upazilas of the district. The organization has always been working with the local administration and public representatives for the development of the area. DDEF works for the development of the Rohingya community and any calamity crisis, including natural cyclones in the country.

Mother and Child Pusti, Cancer Oliver has been conducting direct donation and field specific advocacy activities in collaboration with various donor organizations for various patients including Cirrhosis. Every year, DDEF distributes food items and sarees to families with special needs including poor disabled families, widows and widows in the area to celebrate Eid. In the same way, during sacrifices, DDEF distributes among the poor people through sacrifice of cows and goats. Above all, the organization has been working relentlessly for 22 years for the social and economic development of Barguna district as well as the severely disabled people and the poor and widowed women in Barguna district in cooperation with the colleagues of DDEF, local public representatives, local administration and local foreign donors.

On behalf of DDEF, I would like to express my thanks and gratitude to all individuals and organizations for their financial, technical and intellectual support in this work.
