WHITE PANTER CUP

Kyiv, January 14, 2023

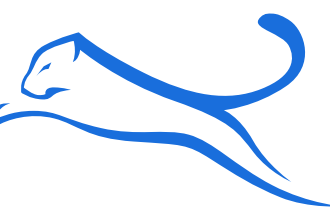

White Panther Cup

The annual all-Ukrainian children's athletics competition for Olga Saladukha's prizes White Panther Cup took place in Kyiv on January 14, 2023.

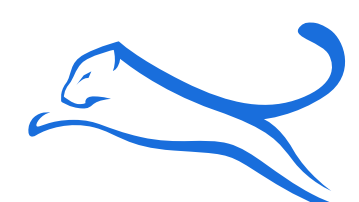

[Olha Saladukha](#) is an athlete, Honored Master of Sports of Ukraine, world champion, multiple European champion, and Olympic bronze medalist.

She plans to hold similar competitions in other regions of Ukraine this year and in the future.

More than 200 boys and girls of different age groups took part in the competition, competing in the long jump, triple jump, high jump and pole vault.

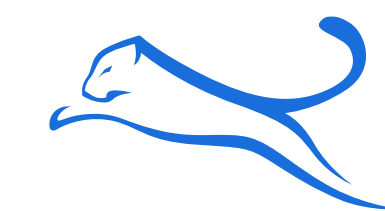

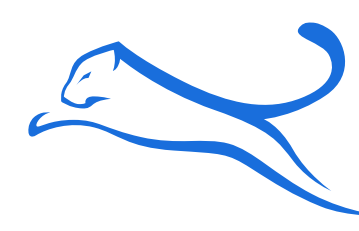

We encourage all successful athletes, patrons, philanthropists, caring people, and organizations to help Ukrainian sports.

The partners of the White Panther CUP event were also:

Kyiv Athletics Federation, Nike, Kyiv Department of Youth and Sports, Yulia Khan, Belarusian Sports Solidarity Foundation, Ukrcable, and Kyiv City State Administration.

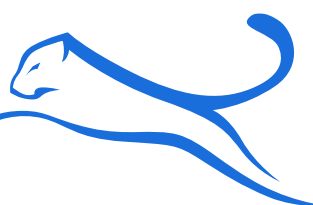

We believe that sport is a driver of change for the better for all of humanity.

We are grateful to all those who share with us the joy of holding this event in the Kyiv Athletics Arena.

Despite all the difficulties, we give young athletes the opportunity to prove themselves so that they can move on to victories in big sports

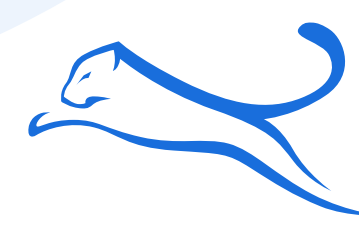

We have demonstrated that even war cannot interfere with the celebration of children's sports.

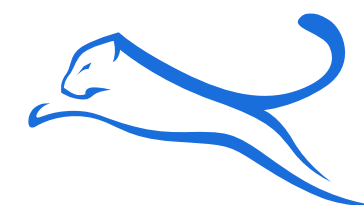

As air raid warnings sounded across Ukraine, the organizers and participants were forced to interrupt the competition and go down to the shelter.

But even there they did not waste time.

We raffled off prizes from our partners Nike and awarded medals to the winners of the competition in some categories.

Together we will win!

After the air raid warning was over, the competition moved back to the Athletics arena, where the young athletes continued to compete for the tournament trophies.

The day ended with an emotional award ceremony. We gave the children not only the opportunity to prove themselves, but also incredible positive emotions that they need so much these days.

The White Panther Cup will definitely return. We must protect and support Ukraine's sports talents.

Scholarships for Ukrainian athletes affected by war

Supporting athletes in difficult life circumstances is a contribution to our common future of a successful Ukraine.

In cooperation with the Kyiv Department of Youth and Sports and the Belarusian Sports Solidarity Foundation, for 2023

We provide 32 monthly scholarships in the amount of UAH 11 thousand in various sports to talented Ukrainian athletes.

We are working on expanding the scope of support.
