

# Addressing the Global Learning Crisis with Solve Education!

> 600 million children and youth are not achieving minimum proficiency in Reading and mathematics

(Source: UNESCO, 2023)

Solve Education envisions a world where everyone reaches their potential with education.

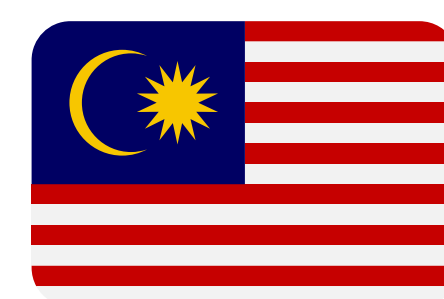

Our aim is to place an AI coach ([edbot.ai](https://edbot.ai)) in every low-end phone.

## Key Operations

Indonesia

Malaysia

Singapore

India

Nigeria

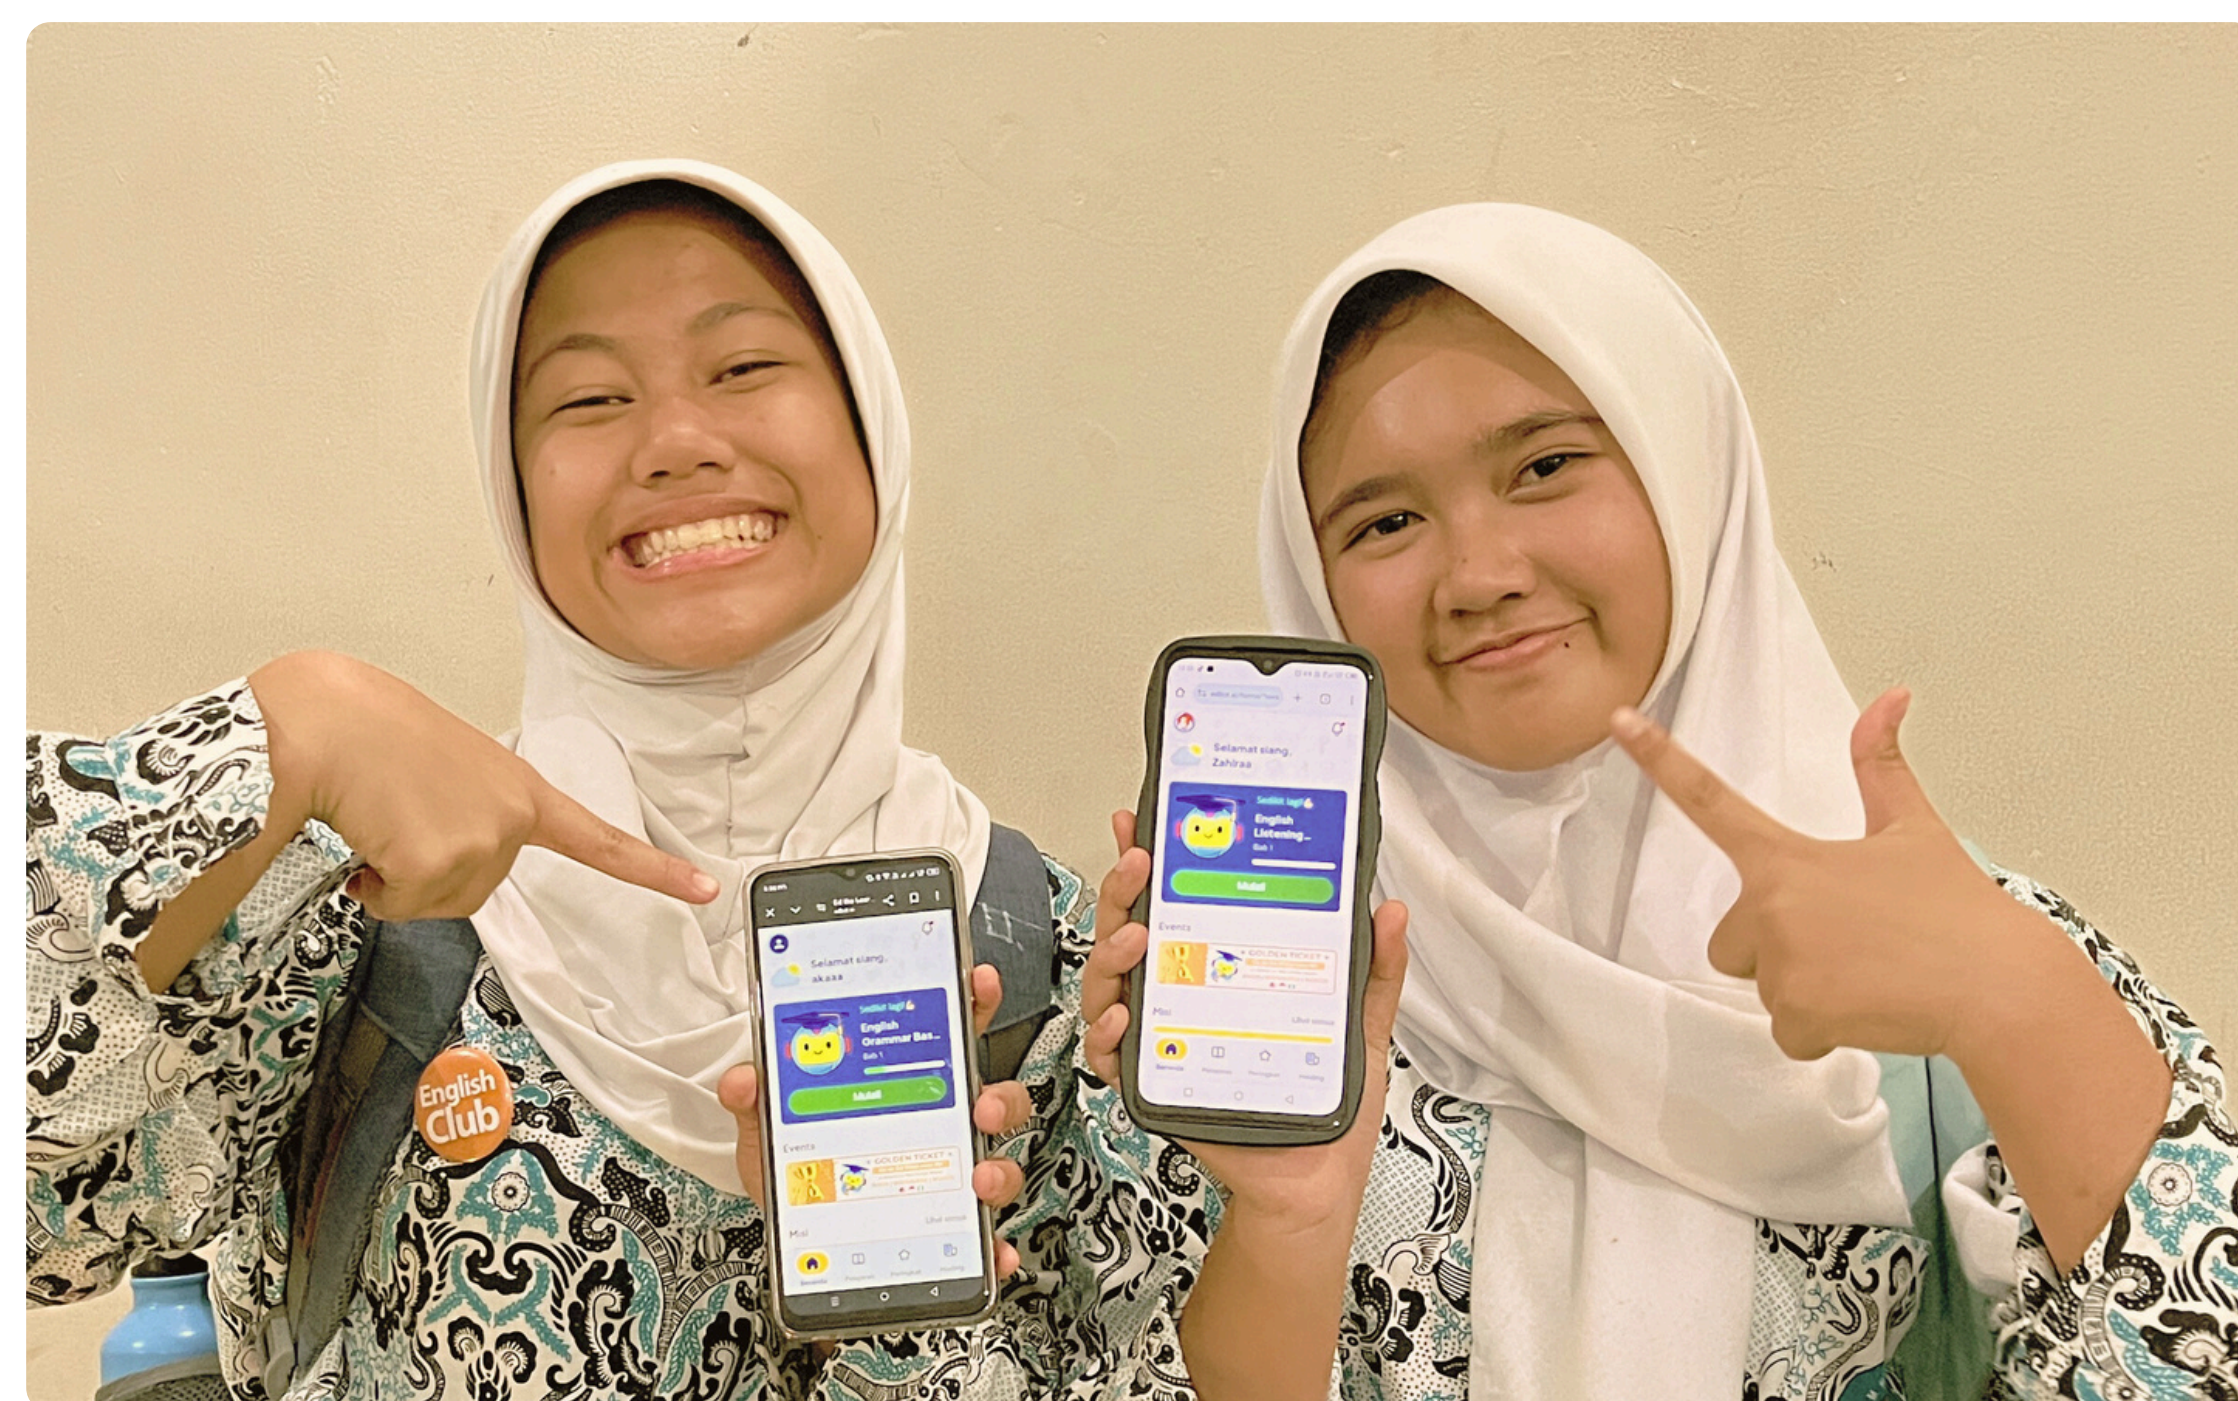

## Solve Education's Impact

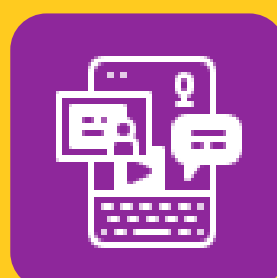

>30 Million  
Lessons completed

>1.8 Million  
Beneficiaries

## Our Engagement Framework: GAIN
