\$150.00 MONTHLY CONTRIBUTION THAT COVERS 100% OF THE STUDENTS TUITION

\$75.00 MONTHLY CONTRIBUTION THAT COVERS 50% OF THE STUDENTS TUITION

\$38.00 MONTHLY CONTRIBUTION THAT COVERS 25% OF THE STUDENTS TUITION

*ALL DONATIONS ARE TAX-DEDUCTIBLE CONTRIBUTIONS

LEADERSHIP

Our teachers can see what makes each student unique and how to bring out their curiosity and desire to learn.

TIME

What is not measured cannot be changed; through daily evaluations, we improve our teaching. Adapting to the needs of each child.

RESULTS

What is not measured cannot be changed; every day we evaluate learning to be better.

EXPECTATIONS

We require the utmost excellence in our students, families, and teachers. A "Three-Component Commitment Model" determines our success.

COMMITMENT

Students enter schools through an enrollment lottery. Although they join our school via drawing, they stay because of their commitment to excellence.

TUITION-FREE

Our goal is to provide the best education possible, as a tuition-free education system.

MEAL PROGRAM

We provide two hot meals a day at school. By providing a balanced diet we aid our student's learning.

CHARACTER BUILDING

We promote the social and emotional tools necessary for students to function successfully in and outside the classroom. These tools allow them to lead successful lives in the future.

"We are convinced that by giving each child a real opportunity to prepare with a quality education, balanced nutrition, and enhanced abilities to form their character, from elementary school until they complete their basic education, we will completely transform their lives and the future of Mexico."

VISION

"We are the catalyst that transforms education in the entirety of Mexico."

Educando is a project that seeks to provide quality education to low-income children. We make this possible by constructing and operating a school affiliated with the SER school network. Our school in Laguna de San Vicente in the Municipality of Villa de Reyes, San Luis Potosí, serves the purpose of changing the future of Mexico.

Educando is located in Laguna de San Vicente, a small community in the municipality of Villa de Reyes, San Luis Potosí.
