About Us

Founded in **1993**, Al Orman Association started aiming to serve the Orphans and offer humanitarian aid.

Since its inception, the association aimed to serve the neediest groups. Through well-organized and **sophisticated institutional** work, it was able to emphasize the role of the civil society in the country's economic and social development.

In line with the current policies and efforts aimed at working to achieve Egypt's Vision for **Integrated Sustainable development** by 2030, Al Orman has adopted **9** of the **UN SDGs** and has achieved remarkable results.

Al Orman Association relied on the trust and support of the community. Monetary donations from individuals and institutions, together with close relations with government bodies, made Al Orman one of the main contributors working to achieve the **2030 Sustainability Development Goals**

Al Orman Association

FROM CHARITY TO SUSTAINABILITY

Our Mission

To outreach for the **most needy** groups and regions, to provide job opportunities and improve their living conditions, through partnerships with individuals and institutions.

Our Vision

A safe society that encompasses the **marginalized** and excluded communities , that is able to achieve social development and sustainable economies.

Our Values

Socially responsible
Human
Trustworthy
Efficient

Our Strategy

Focus on working **dynamically** and **efficiently** with individuals and institutions to transform marginalized and most needy societies into **safe and sustainable societies**.

- Home Reconstruction

PARTNERSHIPS FOR GOALS

NO POVERTY

Livestock farming or cattle heads projects, provide food items like; milk, meat for human consumption. The landless farmers, depend upon livestock for utilizing their labor during lean agricultural season for the transportation of agricultural products. Ranching and Cattle farming are important to increase the overall income of the farmers and raise their standard of living. Periodical follow-up for a period of 6 years, is done to ensure that the business is well operating.

Al Orman delivered 56,000 cattle heads to individuals at a cost of 580,000,000 EGP.

Kiosks: Rural kiosks are one of the tools that helps villagers improve their economic standard of living. Kiosks are important development projects that move the beneficiary from being a person in need to a mini business owner who can develop and be self-employed. The Kiosk is usually provided in a prime location to ensure it is centrally located in good traffic areas. All equipment's are provided to ensure the effectiveness of his work.

An estimated 5,500 Kiosks have been delivered at a cost of 66,500,000 EGP.

"You can't get rid of poverty by giving people money."

P. J. O'Rourke

Al Orman Association

ZERO HUNGER

Food insecurity rates are highest for single mother households and households with incomes below poverty line. It causes increased risks of some birth defects, anemia, lower nutrient intakes, aggression and anxiety in children. In order to avoid this Al Orman has seasonal activities to help alleviate the sufferings of these beneficiaries.

Ramadan Boxes: Al Orman and its huge workforce of volunteers, distribute cartons of food (Monthly ration) before and during the month of Ramadan, making sure these beneficiaries and the families can have decent meal every day.

1,750,000 Cartons have been delivered to the needy at a cost of 215,000,000 EGP.

Sacrificial Animal Meat: This activity helped direct the sacrifice of meat of Al Adha feast to the most needy, making sure they get their meat all year round and not only in the sacrifice month.

251,000,000 Kg of sacrificial animal meat were distributed at a cost of 400,000,000 EGP.

"The right use of food can end hunger."

Jose Andres

"I believe health care is a right, not a privilege, not something only the wealthiest 1 percent can afford it should have."

Amy McGrath

FROM CHARITY TO SUSTAINABILITY

GOOD HEALTH & WELL BEING

Ensuring healthy lives and promoting well-being for all ages is important to building prosperous societies.

Shefaa Al Orman Hospital (Adults), Luxor is the First and largest integrated cancer treatment hospital in Upper Egypt which offers its services completely free of charge.

The hospital is founded and built by the association to serve the inhabitants of six provinces with a population of about 16 million people.

The hospital is already opened with a total area of 27,000 sq. meters, with the cost of 500,000,000 EGP.

Shefaa Al Orman Children's Hospital, Luxor, inaugurated in February 2021, to reduce the burden for the sick and needy children who have to travel to Cairo for treatment. The following certificates were granted for the outstanding work; Occupational safety and health. Environmental management, records and documentation.

GOOD HEALTH & WELL BEING

Cardiology : The Ministry of Health reports that at least 20,000 patients are born annually with congenital heart defects, of whom only 10% undergo operations. Therefore, Al Orman contributed to reduce the deficit in operations by conducting the following.

Al Orman carried out 38,387 operations at a total cost of 767,740,000 EGP through contracting with 66 hospitals in all governorates of Egypt. The association implemented 40% of the Ministry of Health budget allocated for heart operations in 2018 , reducing waiting lists by calling 606 foreign experts to perform 837 critical surgeries at the request of hospitals, with the aim of cooperating and training staff in Egyptian hospitals.

"We believe that health care is a right, not a privilege. "

Tom Perez

GOOD HEALTH & WELL BEING

Eyes Surgeries: Al Orman Association is making medical exploratory convoys for ophthalmology patient, performing eye surgery and prescribing and fitting eyeglasses to correct vision problems.

A pharmacological treatment ID is given for approximately 6,500 cases per month.

In 2020, 182, 000 operations were conducted at a total of 200,000 EGP and 70,000 medical glasses were delivered at a total cost of 5,600,000 EGP.

"We believe that health care is a right, not a privilege."

Tom Perez

GOOD HEALTH & WELL BEING

Prosthetic devices: The Association considers the prosthetic system to be a rehabilitation and development project for persons with special needs and those who go through amputation of a leg, foot or arm, it allows them to regain the ability to work, the sense of independence, non –reliance on others and the normal practice of life in general and of course raise their morale .

11,800 prosthetic devices were delivered at a cost of 22,000,000 EGP.

4,500 Headphones were delivered at a cost of 4,500,000 EGP.

"We believe that health care is a right, not a privilege. "

Tom Perez

GOOD QUALITY EDUCATION

Quality education and lifelong learning opportunities .. A goal of sustainable development that the United Nations called for, and a goal that is consistent with the goals of the Orman Association, which takes into account the support and development of schools in the governorates, where the Orman participated in cooperation with a number of banks and private sector companies and partners for the success in developing a number of schools in Fayoum, Dakahlia and Giza.

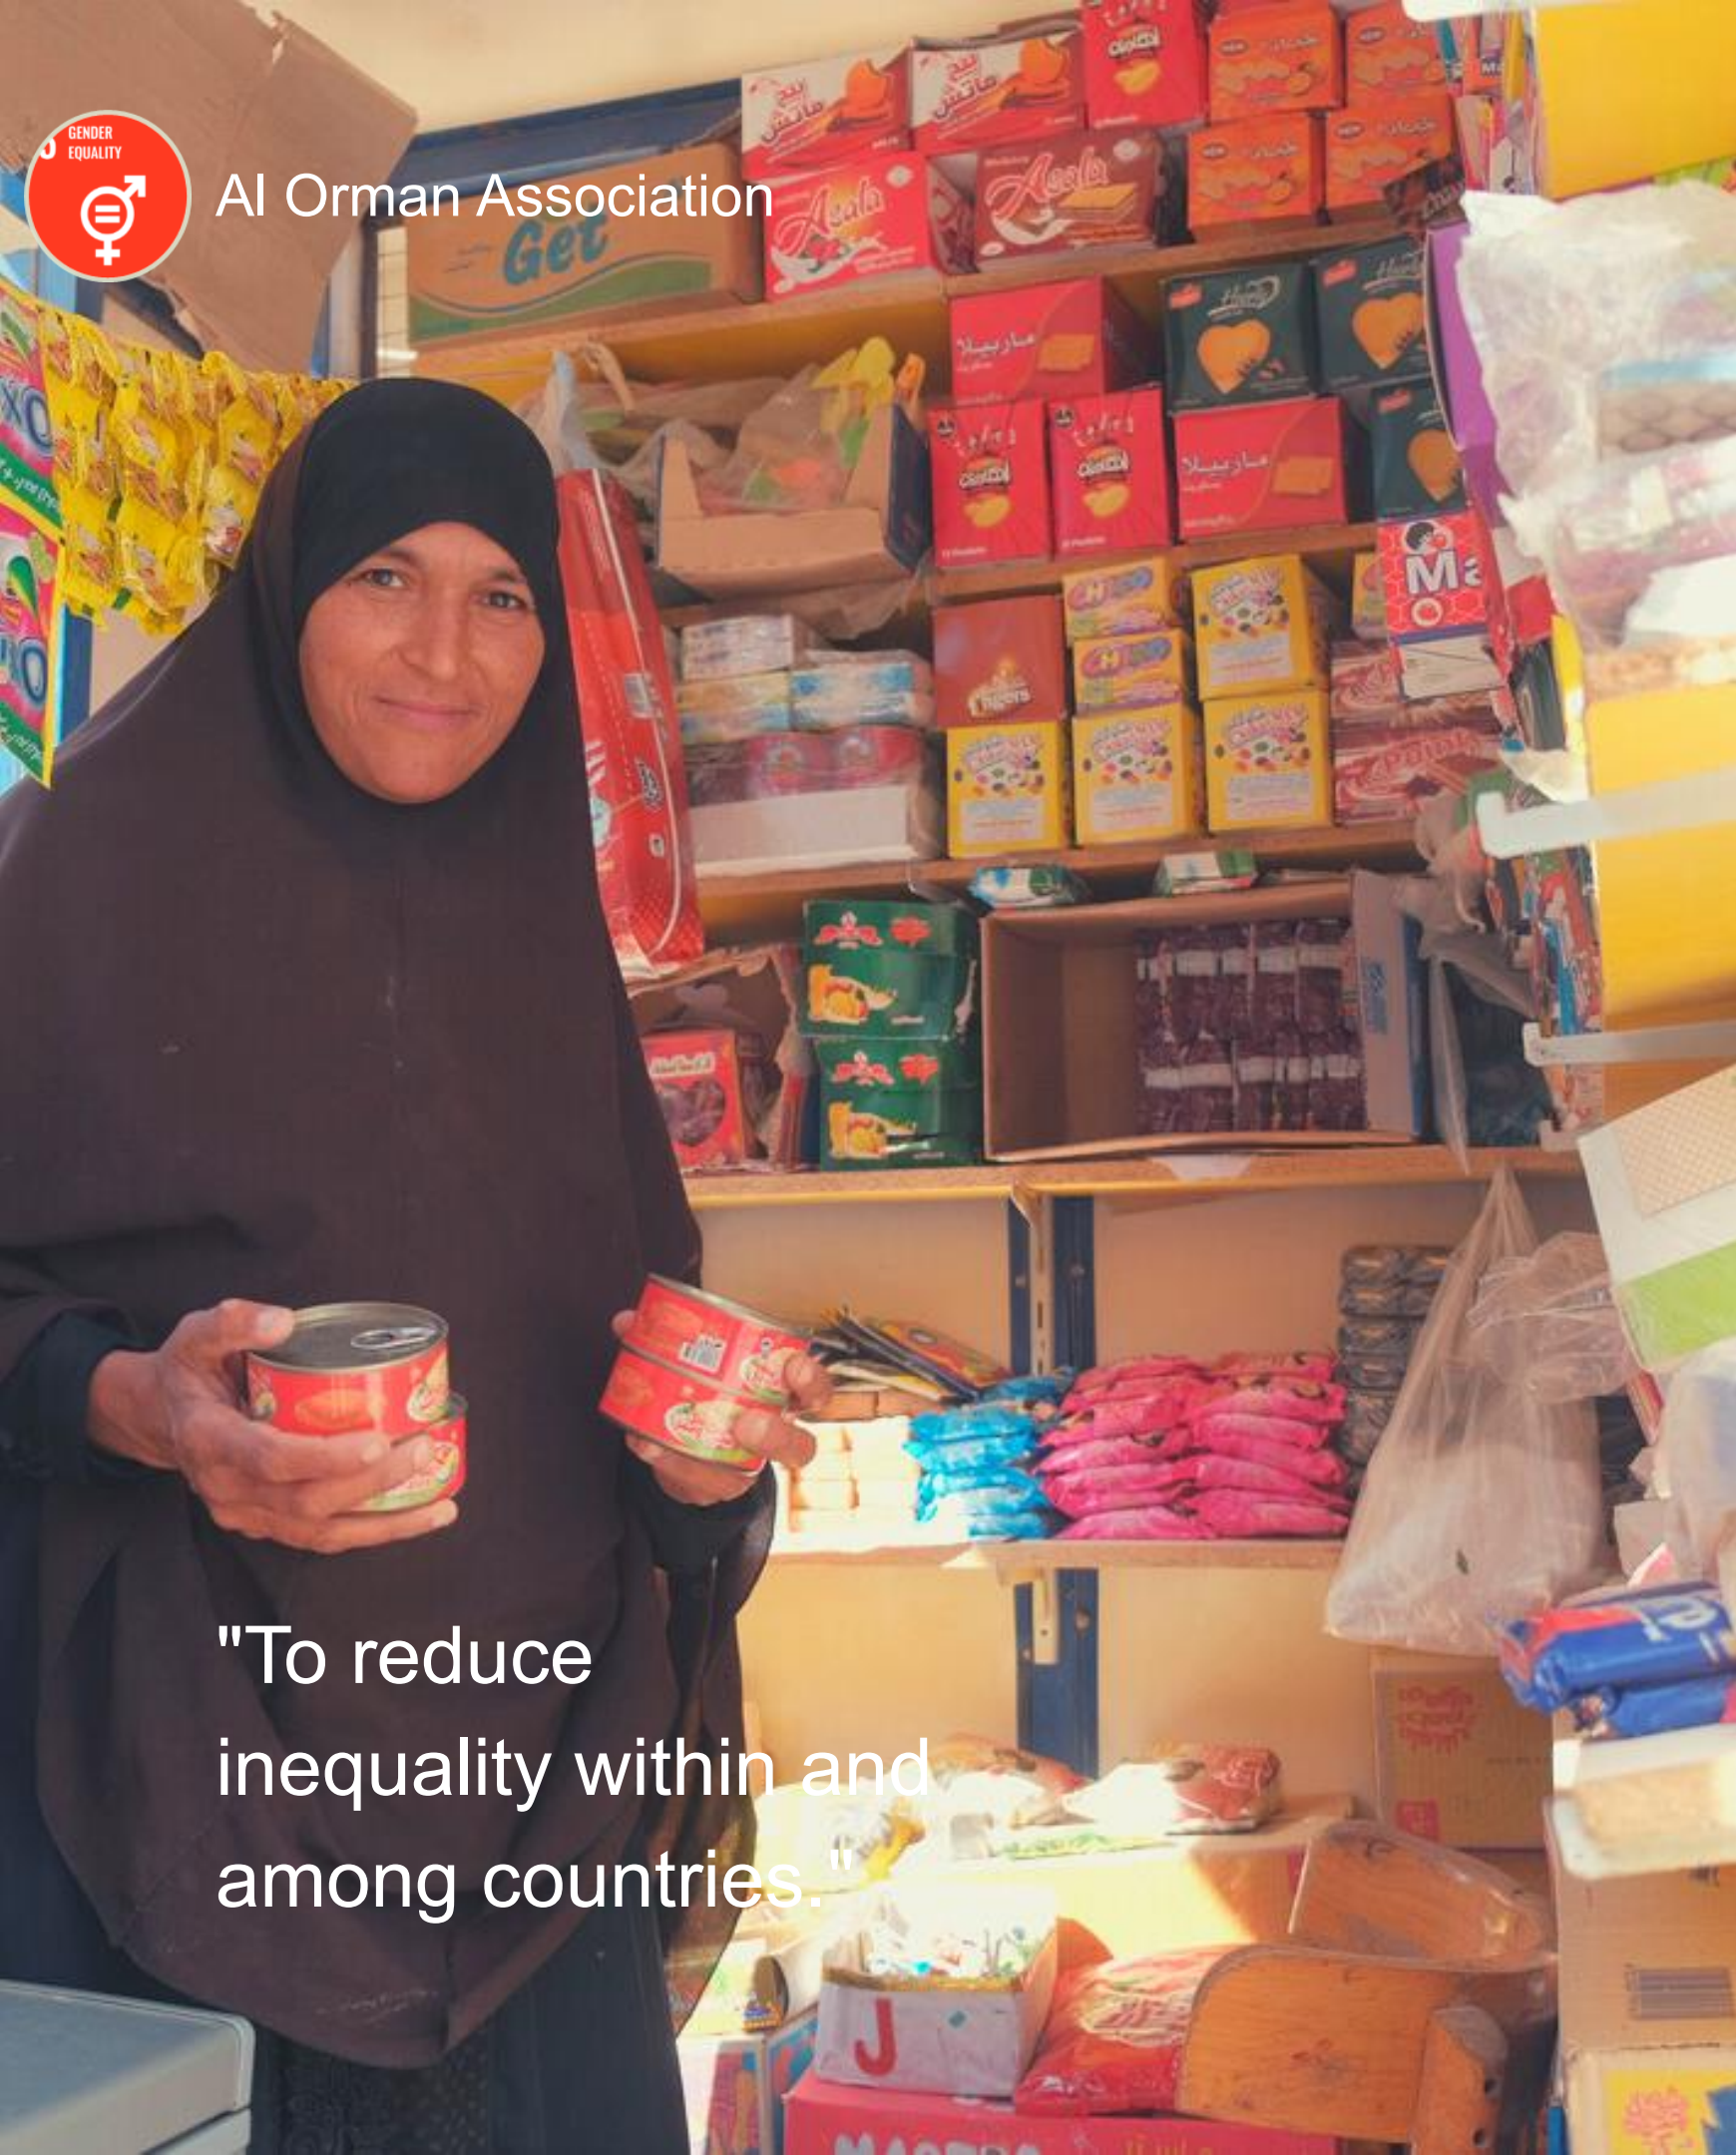

"The great aim of education is not knowledge but action."

Al Orman Association

"To reduce inequality within and among countries."

FROM CHARITY TO SUSTAINABILITY

GENDER EQUALITY

Among the priorities of Al Orman is to alleviate the pressure on Egyptian women and girls. Al Orman empowers and supports women. 50% of the Association activities are directed to **widows, abandoned women, divorced women.**

Microfinancing projects: 50% of our beneficiaries are women.

Marriage of orphan girls: we provide to the girl between 7,000 to 10,000 EGP, taking into consideration the differences in poverty level between Upper and Lower Egypt. 17,000 orphan brides were helped from the year 2000, at a cost of 100,000,000 EGP.

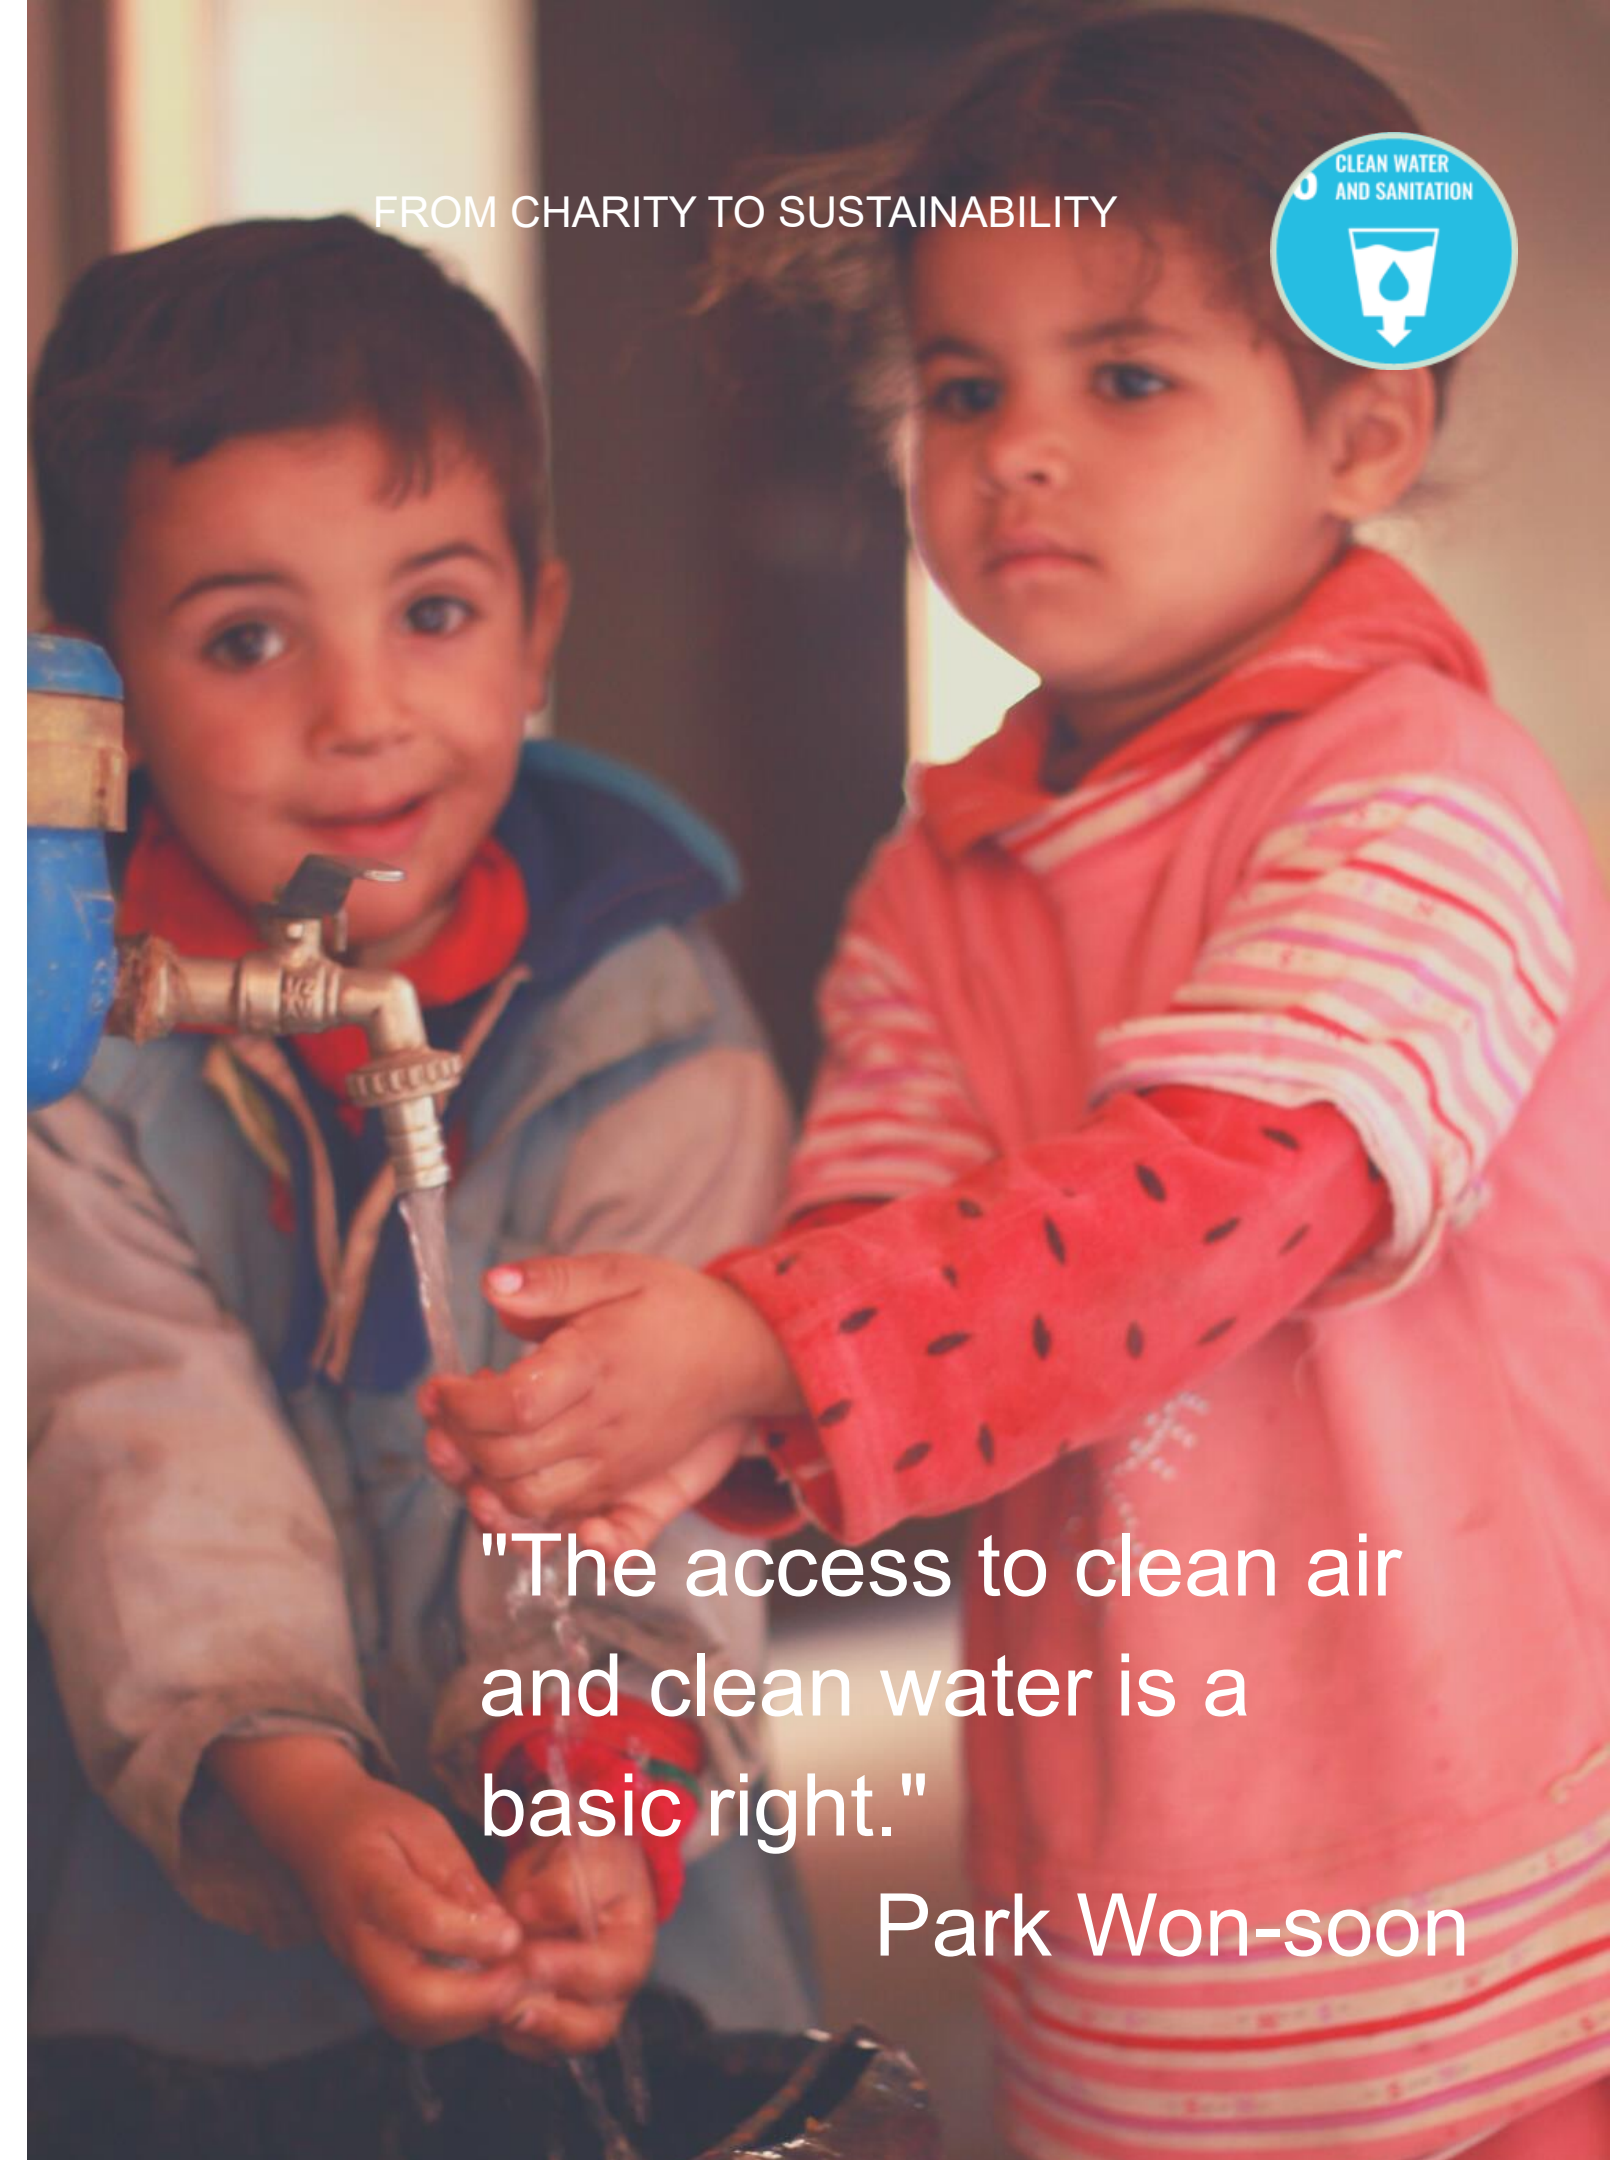

CLEAN WATER & SANITATION

Having clean water and sanitation means being able to avoid exposure to countless diseases. Every year, millions of people die from diseases caused by inadequate water supply, sanitation, and hygiene. Other than pneumonia, diarrhea is the main cause of death in children under age 5

Clean water supply lines, carry water from the mainline to the house. The association pays for all installation fees and costs.

The average cost is 4,500 pounds per house. 20,000 water connections were connected since 2000, at a cost of 60,000,000 EGP.

"The access to clean air and clean water is a basic right."

Park Won-soon

Al Orman Association

FROM CHARITY TO SUSTAINABILITY

DECENT WORK AND ECONOMIC GROWTH

Microfinance: These are loans, savings and insurance to entrepreneurs and small business owners who don't have access to traditional sources of capital, like banks or investors. Beneficiaries usually lack the credit or resources to secure a loan from traditional banks and are seeking loans to purchase simple equipment, or the capital to start a small business. Al Orman gives a loan to the beneficiary without interest and the beneficiary is only requested to pay back half of the loan according to the development of the project.

A total of 22,654 loans (small enterprises) were delivered at a cost of 105,000,000 EGP.

"Give a man a fish and you feed him for a day; teach a man to fish and you feed him for a lifetime."

Maimonides

Al Orman Association

SUSTAINABLE CITIES AND COMMUNITIES

Human beings have certain basic needs. We must have food, water, air, and shelter to survive. If any one of these basic needs is not met, then humans cannot survive as it causes lack of sleep, lack of privacy and poor hygiene practices.

Home reconstruction: Al Orman provides safe, healthy housing for poor village residents, where homes are renovated and equipped by clean water, electricity, roofing, paint, kitchens and bathrooms to ensure a decent life of the residents of the household. Al Orman renovated 32,000 homes in 833 poor villages.

FROM CHARITY TO SUSTAINABILITY

"Sustainability is no longer about doing less harm. It's about doing more good."

Jochen Zeitz

Al Orman Association

FROM CHARITY TO SUSTAINABILITY

PARTNERSHIPS FOR GOALS

Al Orman believes that we have a role to play in the **redistribution of wealth** from the **North of Egypt to South of Egypt**, where the most needy communities live. Companies and factories can help by developing the governorate or the center in which they are located. This helps to establish good public relations with government agencies and confirms the company's keenness to provide a sustainable community services for workers and their families, whether in the field of health, education or development.

"True wealth is not of the pocket, but of the heart and of the mind."

Kevin Gates

Al Orman Association

Orphans

Al Orman Association

ORPHANS

Orphan Care Homes: The association runs five homes to care for orphans and orphans with special needs.

Foster Families: about 4000 children were handed over to foster families under the full supervision of the Ministry of Social Solidarity. The association sought to provide the means to encourage families to contain children, believing that the family is the natural environment for the child's presence in the family.

Orphan's Day: Al Orman Association had the idea of the orphan day on the first Friday of April of each year, which began to be celebrated since April 2005. The aim of the day is to draw attention to the importance of containing the orphan child, preserving his rights and integrating him into society, and the responsibility of every individual and his institution for him.

The association addressed the Arab countries, and the first Friday of April was recognized as an orphan day, in which all the countries hold celebrations in a manner that suits them.

FROM CHARITY TO SUSTAINABILITY

"The access to clean air and clean water is a basic right."

Park Won-soon

ORPHANS

Marriage of orphan girls, helps those whose families are unable to pay their marriage expenses and where cash assistance is the most appropriate.

A girl is awarded 10,000 EGP in Upper Egypt and Lower Egypt 7,000 EGP, taking into account the differences in poverty level between Upper Egypt and Lower Egypt.

17,000 orphan brides were helped from the year 2000, at a cost of 100 million pounds.

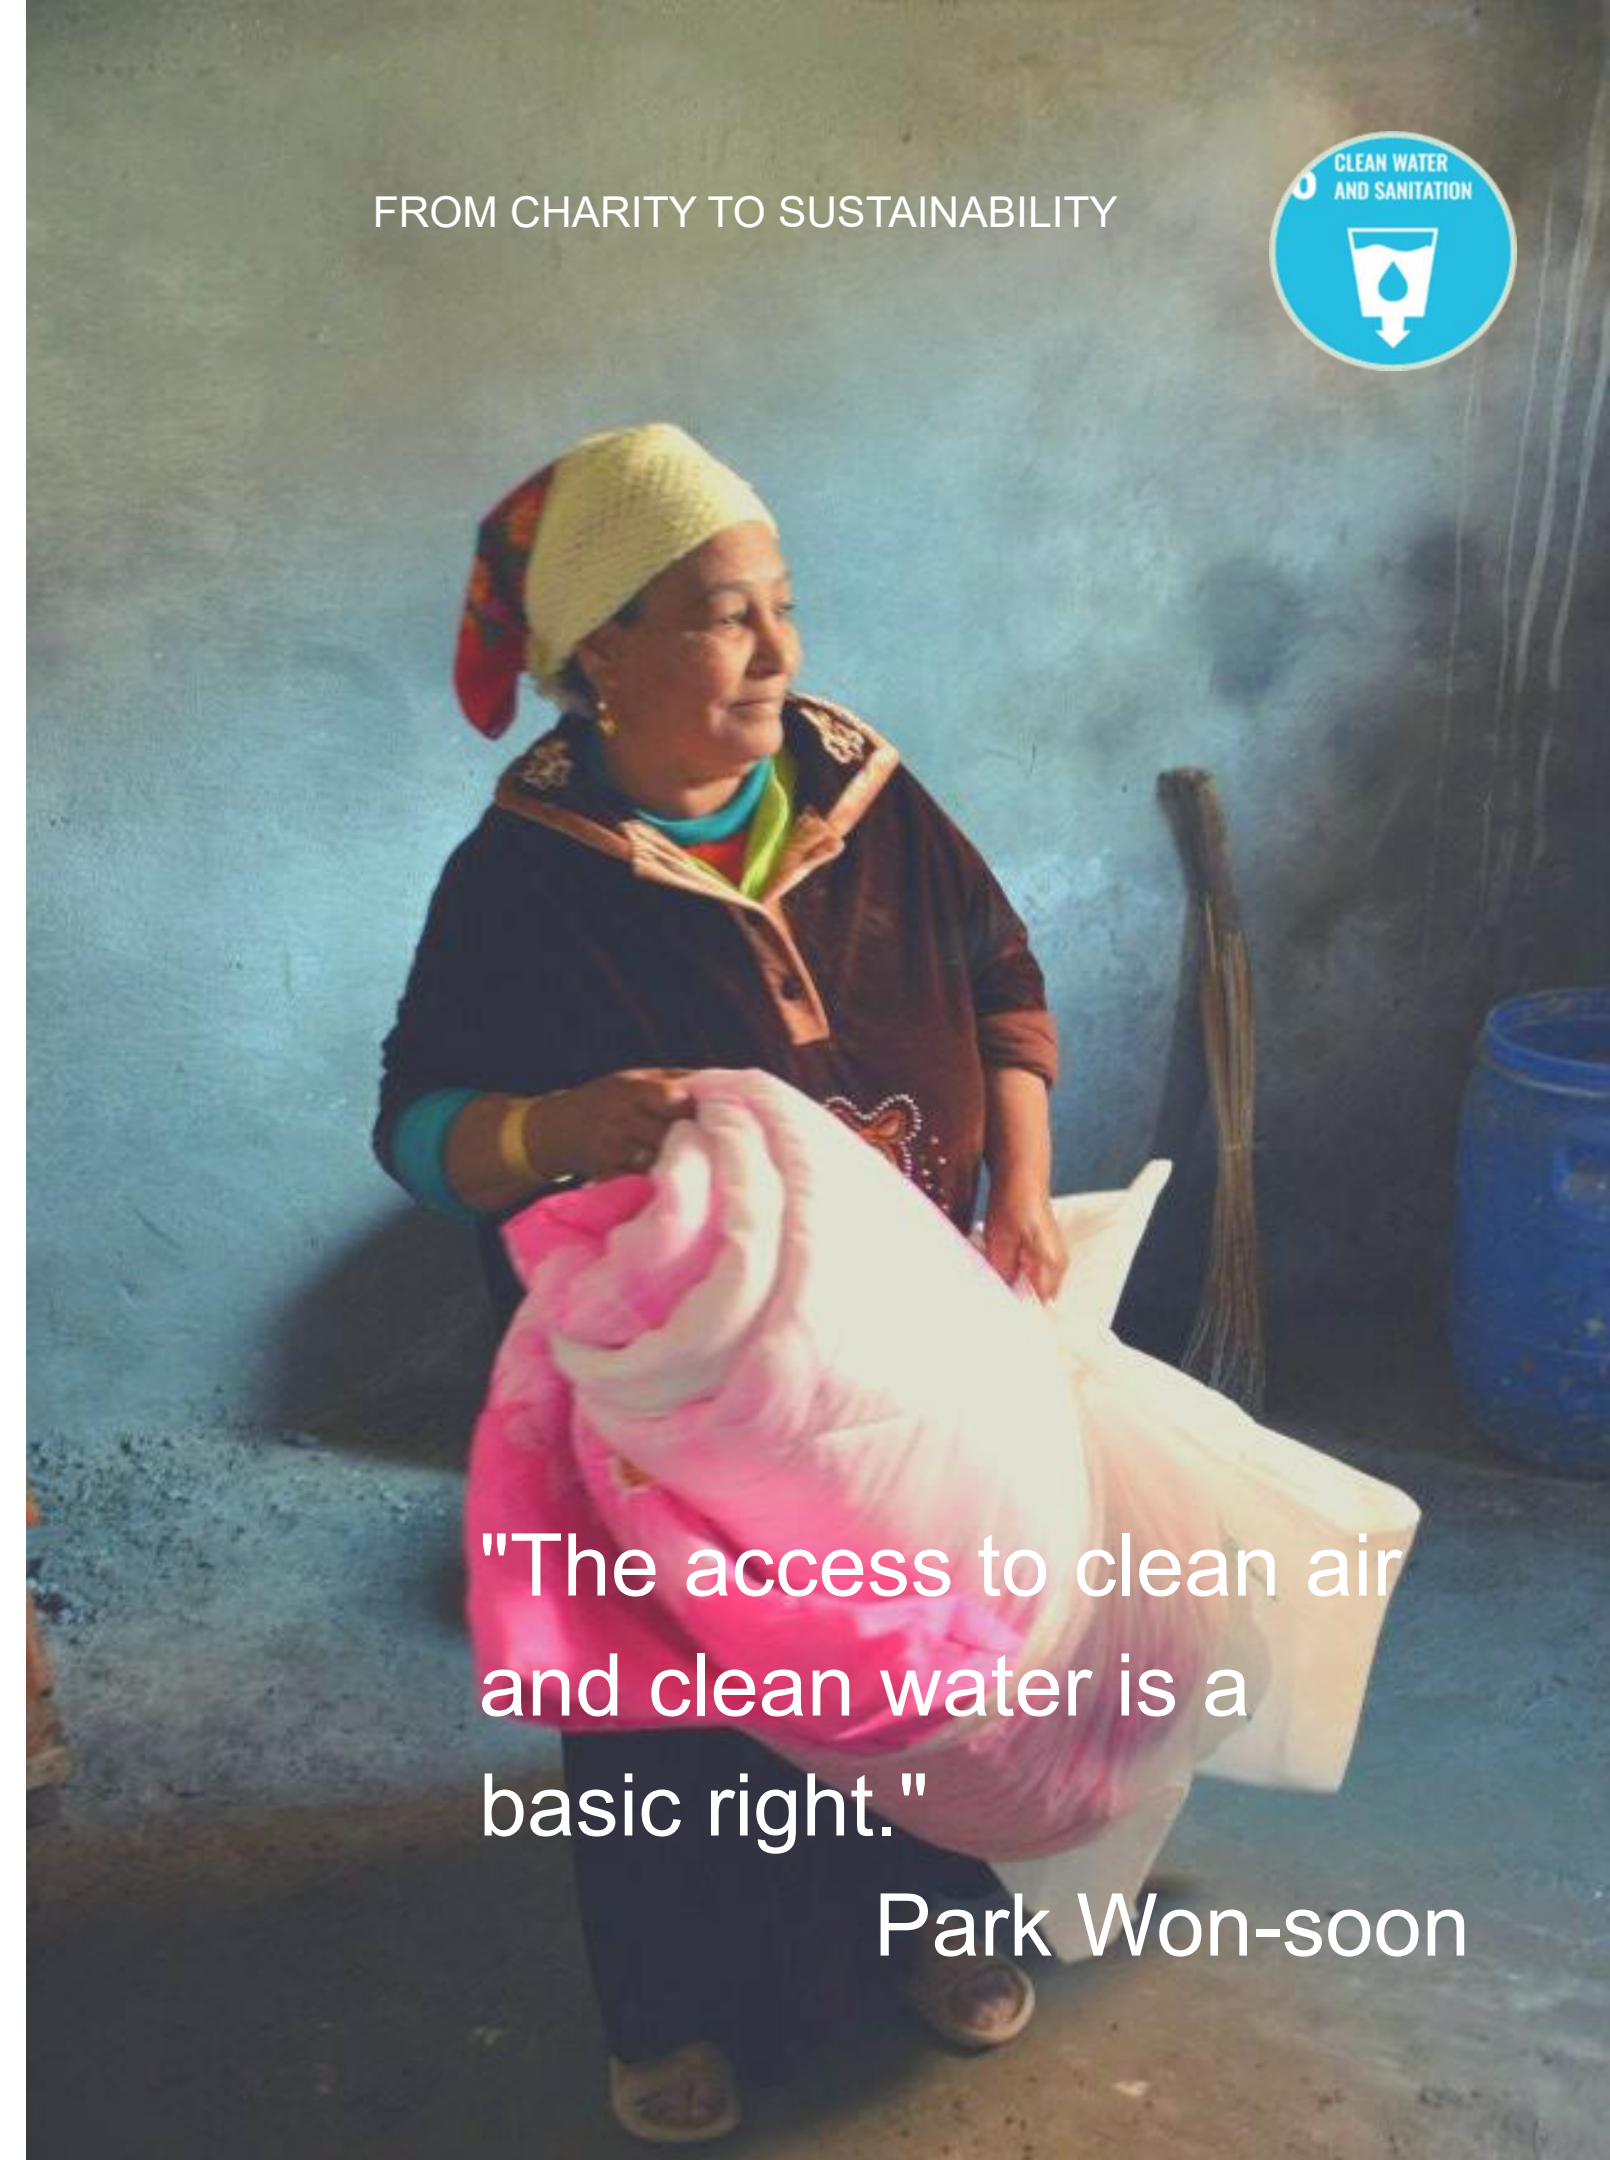

"The access to clean air and clean water is a basic right."

Park Won-soon

SEASONAL ACTIVITIES

Winter blankets, another form of seasonal activities. Apart from Ramadan boxes and sacrificial animal meat, is an important activity to alleviate the harsh effects of the cold weather in winter for thousands of less fortunate families, especially children and the senior citizens, having no clothing and shelter facilities. Cold weather has negative impact on their health and in certain circumstances can become life threatening. Over 1,600,000 blankets have been distributed at a cost of 155,000,000 EGP.

"The access to clean air and clean water is a basic right."
