

FUNDACIÓN PANORAMA SOSTENIBLE (fundacionpaso.org)

It promotes projects to build sustainable and inclusive communities through social and circular economy projects, aligned with the Sustainable Development Goals (SDG) 10 (Reduction of Inequalities) and 12 (Responsible Production and Consumption).

We have activities have four areas: 1. CASA CULTURAL (page 1) 2. EDUCATION (page 3) 3. TECHNOLOGY (page 10) 4 CIRCULAR PLANET (page 10)

1. CULTURAL HOME 2021

Culture for sustainable development. Our main projects: music, dance and reading club, essential for people and their intellectual, emotional and social development.

1.1 SYMPHONIC SCHOOL JAIME GARCÍA CUELLAR

PASO promotes music as an educational instrument to unify people beyond any difference, and with the purpose of strengthening the culture of peace under the motto "give the child an instrument and you will change the future".

Grupo	Activos	Días	Horas semana
Banda juvenil	13	Lun., mie., vie. y sáb.	17
Banda infantil	25	Mar., jue. y sáb.	11
Prebanda	15	Mar., jue. y sáb.	3
Iniciación (3 grupos)	20	Sáb.	2
Guitarras	7	Sáb.	2

In 2021 we had closing of the music program, the following presentations stand out: Aug. 15-21, Don Bosco Day; 22-Aug.-21, visit Father Salesian Inspector; Oct. 31-21 and Dec. 4-21, C. C. San Juan Plaza; Nov-13-21, Climate Change panel.

1.2 DANCE

PASO promotes dance as an educational instrument to unify people beyond any difference, and with the purpose of strengthening the culture of peace under the motto "dancing we build a better future".

7 boys and 29 girls started divided into 3 levels in person, advanced, intermediate and beginners. In August 2021, due to security problems in the sector, the program was reduced to 13 students (2 boys and 11 girls).

The presentations were aligned with the music program: Aug. 15-21, Don Bosco Day; 22-Aug.-21, visit Father Salesian Inspector; Oct. 31-21 and Dec. 4-21, C. C. San Juan Plaza; 13-Nov.-21, Climate Change panel, and 12-Dec.-21, closing.

2. EDUCATION

2.1 READING CLUB

PASO promotes reading as an educational instrument to unify children beyond any difference, and with the purpose of strengthening the culture of peace under the motto "a child who reads will be an adult who thinks".

The program was held in person at the house of Mrs. Ana Ruth Esquivel and for those who preferred it virtually, they did so via ZOOM or Google Meet videoconference. 14 boys, 17 girls, 1 adult and 5 teachers started, divided into 3 groups as described below:

- Paradise Planet: 1 teacher, 6 boys, 4 girls and one adult; 5 students finished year.
- Green Planet: 2 teachers, 4 boys, 7 girls; 5 students finished year
- Blue Planet: 2 teachers, 4 boys and 6 girls; 9 students finished

An 8-year-old girl also participated, not included in the previous groups, for beginning her first letters.

2.2 ACADEMIC REINFORCEMENT

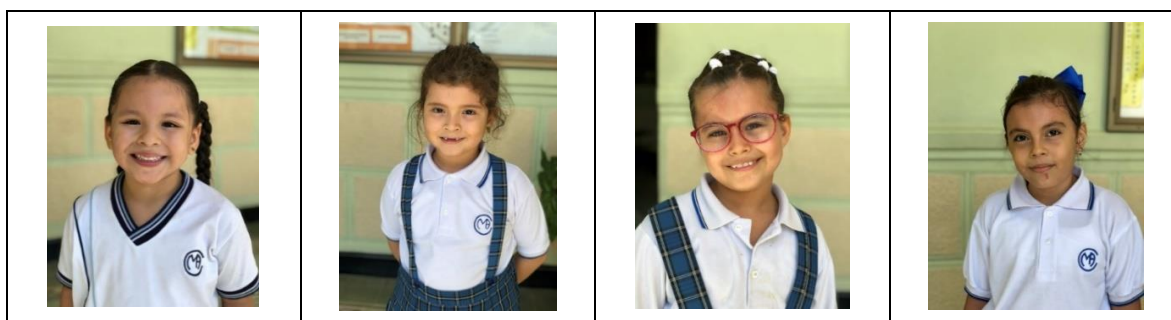

With the purpose of carrying out an academic leveling, there are teachers from Bogotá, Neiva and Calgary (Canada) mainly, to reinforce the students of the Salesian schools virtually, via ZOOM or Google Meet, mainly in mathematics and English.

Coordinación de profesores	Coaching lessons	Coaching lessons
		

2.3 SPONSORS PLAN

This plan has allowed 13 students of the music program to go from public education to private schools in institutions of the Salesian Society in the city of Neiva. Below, we describe the beneficiary children in the María Auxiliadora and San Medardo schools:

COLEGIO MARÍA AUXILIADORA

COLEGIO SAN MEDARDO

2.4 CHESS.

Playful medium for the development of autonomous learning skills. On November 16-21, Father Gilberto Medina visited the I.E. Loma Linda located in the El Limonar neighborhood of the city of Neiva at the invitation of Professor Judy Andrea Hernández, with the purpose of motivating children in the game of chess as a pedagogical means to learn to plan, make decisions, monitor the process to modify the course of action, control their emotions, among other skills that are necessary for learning to take place.

2.5 ORALITURE

'Stories of PASO' collects narratives of how we were born as a social and environmental foundation. The book has been made with recycled materials by children from the Panorama neighborhood who belong to the programs of the Cultural House in the city of Neiva. 40 copies were made, some sold to recover the investment, others given to those who have contributed to the foundation in events such as the panel on Climate Change, held on Nov. 13-21 at the facilities of Colegio San Medardo on the occasion of the celebration of the 50th anniversary of the graduates of the 1971 class of graduates of that educational faculty.

2.6 OTHER SUPPORT

The students and sometimes the families have been monitored permanently to provide them with psychological help that allows them to articulate and work as a team in favor of strengthening the programs.

In the same way, all the programs have had this year periodic transversal teachings in environmental education, and citizen values.

Proyecto AVANZAR: Conference for children on el 13-abr.-2021 a cargo de Martha Eugenia Polanía Mejía		
	<ul style="list-style-type: none"> Apertura Valores Alegría Nutrir Zurcir Aprendizaje Reconocimiento 	<ul style="list-style-type: none"> • Where we are all equally important • The difference adds up and gives space for conscious inclusion •
Environmental Education: conference held on August 20, 2021 by Alejandro Mejía Nieto		
	<ul style="list-style-type: none"> • Global warming: Increasingly close to the limits • Climate change: The greenhouse effect • Main causes: Deforestation, garbage, agriculture and livestock. • Guilt: System, globalization, ourselves. • Hidden costs: Pollution, health, poor countries • Circular economy: It is a new sustainable economic model • 3 Rs: Reduce, reuse and recycle. • Other recommendations: Plant trees and plants, make home gardens, composting 	
Espinosa education: conference held on Sept. 3, 2021 by María Gabriela Moncada Espinosa		
	<ul style="list-style-type: none"> • Emotional management: All efforts are positive • How emotions feel: Each person feels them differently. • The importance of example: The greatest number of things we learn by example • Difference between an emotion and a feeling: By handling these two concepts, it is easier for us to handle what we feel. 	

2.7 EDUCATIONAL ACTIVITIES FOR THE PARENTS IN 2021

We accompany development processes of sustainable enterprises, based on a mentality and attitude capable of creating and carrying out dignified and inclusive life projects, aimed at vulnerable populations.

Two cycles of entrepreneurship were carried out using the platform <https://capacitateparaeempleo.org> of the Carlos Slim Foundation as an educational base, additionally, personalized mentoring was provided to entrepreneurs who required it to prepare their business plan.

Group mentoring took place virtually every Monday and Thursday at 7:00 p.m. m.

2.8 TECHNOLOGY

ROBOTICS FOR STUDENTS OF THE PROGRAMS

The purpose is to introduce electronics and reinforce basic robotics to students of the Fundación Panorama Sostenible programs in the Panorama neighborhood of Neiva. Currently 12 children participate in the program, 6 from Salesian schools aged 12 and 13 and 6 sponsored by them at ages 8 and 9, belonging to the I.E. El Limonar in the area of influence of the Cultural House .

Robótica - Theory	Robótica - Practice	At the end of the year

3. CIRCULAR PLANET

We develop Circular Economy projects in order to achieve municipalities with zero waste and contribute to the mitigation of Climate Change:

Climate Change Dashboard

Climate Change Adaptation and Mitigation Measures
 Synthesis of the panel in the summary of Casa Cultural

3.1. ECOLOGICAL PROJECTS

1. Support for Recycling

- Implementation of a route and volume supervision model for registration with the superintendency.
- Legal, accounting, administrative and financial advice to all associations
- Joint work of Paso with the recyclers before the mayor's office to strengthen their negotiating position.
- Accompaniment and registration of Reciclavilla in the Latin American Green Awards. The project was shortlisted and is competing in the last phase.

2. Compostaje VdL

- Creation of the CompostAR Network to promote home composting with close to 40 active participants.
- Composting pilot under development. We hope to start the project in the first quarter of 2022. We estimate a size of 2 tons per month. In conversation with the utility company.
- Management with the administration to reactivate the property for the reactivation of the municipal ECA. We have encountered many drawbacks. We will manage the update of the PBOT to ensure that a property is available for the ECA.

3. Other Restoration

- Together with the municipal administration, cleaning of water sources in Villa de Leyva
- Reforestation day in the village of El Roble, that included the participation of young people as helpers

4.2 CLIMATE CHANGE PANEL

The event took place on Nov. 13-21 and was attended by representatives of the regional government at an alarming and also crucial moment in the fight against climate change and represented a unique opportunity to learn about the adaptation and mitigation measures that they are moving forward in the Department of Huila to face the climate crisis. The panel was part of the celebration of the 50th anniversary of the graduates of the 1971 high school promotion of the Salesian San Medardo College, venue of the event, and was attended by the directors of the San Pedro Claver Province of the Salesian Society and the presence of 200 artists from the Huila, San Medardo and Jaime García Cuellar symphonies.

Thanks for the opportunity

Thanks for your support
