 PROYECTO MAYU

 proyectomayu.ri@gmail.com

 www.proyectomayu.com

WHAT DOES MAYŪ MEAN?

Mayū means

“work as a team for the benefit of the community”

in the word of the Eñepa ethnic group.

At Mayū we visit underserved rural communities in Venezuela to provide them with free medical-dental services.

ABOUT US

Extension group of the Central University of Venezuela

Managed almost entirely by Medicine and Dentistry students from the U.C.V.

Non-profit foundation

Made up of students, teachers and volunteer specialists.

MISION

- Serve the country's rural communities with limited health access.
- Prevent and reduce diseases.
- Promote research and projects to improve quality of life.
- Academic growth of students through health experts.

VISION

- Promote health in communities.
- Generate epidemiological knowledge.
- Promote academic and professional growth of students.

WHAT DO WE DO?

We provide specialized health care

To the rural communities present in our country with difficult access to basic health services.

We provide a learning opportunity

For students, who work hand in hand with our specialists.

WHAT DO WE DO?

We develop social and scientific projects

Providing communities with the necessary tools to improve their lifestyle.

We encourage monitoring in our communities

With the registration of epidemiological data and lines of scientific research.
