

MUJERES 2000

WHO ARE WE?

Mujeres 2000 is a non-profit organization made up of university students, professionals, and majority volunteers. Since the year 2000 we have supported personal initiatives of women, young people, and families that favor the development of their potential.

OUR MISSION

Promote economic and social development in vulnerable neighborhoods in the Northern Zone on the outskirts of Buenos Aires, through strategies that promote equal opportunity and allow people to be the creators of their own story.

OUR VALUES

We long for a society with ample opportunities for all people. A future where each person actively participates in bettering the quality of their life, accessing education, and maintaining a dignifying home.

OUR PROGRAMS

EMPRENDE

Training and microcredits for entrepreneurs and small businesses

FAMILIAS EN OBRA

Advice and microcredits for home betterment/modifications

ACCEDER ESTUDIANDO

Scholarships for higher education and trade school

FAMILIAS EN OBRA PROGRAM

In Familias en Obra we promote the **right to a healthy and decent habitat and dwelling**, implementing integral and progressive betterment of the homes we work in. The target families count on access to microcredits and are advised by volunteer architects and engineers to decide what the priorities are and plan the modifications.

FAMILIAS EN OBRA PROGRAM

Where We Work

Our work is moving forward in 4 different neighborhoods: Los Troncos de Talar, Bancalari, Ricardo Rojas and Almirante Brown/San Pablo. (Northern Zone of Buenos Aires Province)

Zona Norte of Greater Buenos Aires

FAMILIAS EN OBRA PROGRAM

Services Offered by the Program

CONSULTATION

Professional technical advice from volunteer architects and engineers

PLANNING

The construction plan is created with the team having in mind the habitat conditions and priorities.

MICROCREDITS

Access to microcredits that the families put towards the realization of construction

FOLLOW-UP

The team plans a follow up with each of the families to continue supporting them after the project

FAMILIAS EN OBRA PROGRAM

Process to access microcredits

INFORMAL CONVERSATION

The volunteer team calls the interested family for an informal conversation. In this first encounter they present the general conditions of a credit

FAMILY BUDGET

In the second encounter, the team meets with the families who want to advance in the program, and come up with a family budget that will be used to determine if the family can access a credit

HOME INSPECTION

Once the step of creating the budget is complete, the team of architects does a total inspection of the home, including safety measurements and a socio-environmental survey.

COMPLETION OF CONSTRUCTION

Finally, the project is completed in cooperation with the family. The same exists in the creation of plans and calculations of materials and the project is divided into steps of construction depending on the amount of work that needs to be done

Characteristics of a microcredit

AMOUNT

The amount of credit base that a family can solicit is **the equivalent of 400 dollars.** For families that renew the credit, the amount can increase

USE

The main objective of the microcredits is so that the family can better their homes in ways that directly impact the safety and health of the home. Once you find a solution to the basic needs you can advance with more all around modifications in different stages

RATE AND TERM

The real interest rate of the credits of Mujeres 2000 is 30% annually. The fees are biweekly or monthly and the term is determined in cooperation with the family, in most cases being one year
