Street Soccer Barcelona

Street Soccer Barcelona
Social-Esport Project

 [watch more videos](#)

I've been playing soccer since I was a child

A close-up photograph of a person's hand touching a blue and white soccer ball on a green grass field. The person is wearing a black long-sleeved shirt, white socks, and white and orange sneakers. The ball has a black and white pattern and a logo that says "loolol". A blue horizontal bar is located above the title text. An orange cone is visible in the bottom right corner of the image.

What is Street Soccer Barcelona?

Street Soccer Barcelona (SSB) is a non-profit association committed to equality and non-discrimination for people at risk of social exclusion. We see football as a tool for inclusion and a place where people have opportunities to develop their potential and live in dignity

Our main objectives are:

- Provide the city with an open community space for football practice for people at risk of exclusion
- Improve people's quality of life through sport
- Promote inclusive sports practice
- Encourage cooperation and teamwork
- Contribute to the empowerment of people, developing confidence and security in themselves
- Facilitate access to training in socio-sports spaces to expand their skills and potential
- Sensitize the local population to the reality of homelessness and migration, questioning prejudices and stereotypes through shared activities.

Context:

We are a non-profit organization that has been operating in the city of Barcelona since July 2018.

According to the June 2022 count, in Barcelona there are:

5.142 homeless

of which:

- 1,231 people sleep on the street
- 3,046 people stay in the public and private resources that exist in the city
- 865 people (adults and children) live in irregular settlements in Barcelona

[* Source: Arrels Fundació](#)

Homelessness during youth can mean the rupture of the transition towards adulthood and harming the construction of one's own personal development. It is especially important to intervene to prevent the chronification of this effect.

Who is it for?

The project develops activities with people at risk of social exclusion and with different population groups in the city of Barcelona.

ATHLETES PROFILE

- Homeless people
- Refugees
- Asylum seekers
- Unaccompanied migrant youth
- People at risk of social exclusion

How do we include the general public?

VOLUNTEERS:

It is one more way to break from the social prejudices of the collective, thanks to the links between volunteers and participants.

FRIENDLY MATCHES:

With business teams, friends, groups, etc. This enables knowledge and direct relationship between different groups. They are also an opportunity for the group to get to know other places in Barcelona.

TEAM BUILDING:

We propose socializing spaces with SSB aimed at companies, with the aim of strengthening ties between their employees, while generating a social impact.

AWARENESS WORKSHOPS AND TALKS:

We organize meetings in institutes, universities and companies, in which SSB users share their experiences and testimonials. We believe that the first step to generate social change is to make reality visible from the perspective of its protagonists.

Award:

🏆 Extraordinary Jury Award Catalan Football Federation Foundation 2022

On February 21, 2022, we received this award with great enthusiasm at the Antigua Fàbrica Estrella Damm.

The purpose of this distinction is to reward those initiatives and activities throughout Catalonia that promote values, solidarity, respect, fair play and sports ethics.

In the category of Extraordinary Jury Awards, 3 winners:

- Juan Carlos Unzué: the personal struggle of a coach
- Pare Manel: humility personified
- Street Soccer Barcelona: experience football off the street

Internal organization:

STRATEGIC PLAN

Between the months of October and December 2022 we have worked on planning for the next 5 years, with the support of an external facilitator. New projects, new hopes and above all, we seek to identify needs and generate more impact.

PROGRESS IN THE FIELD OF TRAINING

- ★ 3 young people linked to SSB carry out the training from **Technical Assistant to Trainer**

We hired a person in the regularization process (Line **ACOL**)

Activities:

2nd SEASON

WOMEN'S SOCCER TEAM

The female team have fun every Tuesday in training. Together, they share and commit to the project through teamwork and respect.

Throughout the year and with the average participation of 10 players per training session, they have joined forces and enthusiasm. Soon, the league awaits them. Olga Gómez and Susanna Soler are in charge of energizing the team.

4th SEASON

YOUTH LEAGUE TEAM (CEEB)

One more season in the CEEB league. The team has had players of 9 nationalities. Every Tuesday they train at the Frederic Mistral school and, despite the instability of their situation, the players have shown their commitment to their teammates and their ambition to continue improving. Led by Andrés Carrizo, William Rojas and Vincent Van Leeuwen, the team has competed at a high level and they continue to grow on both a football and human level.

2nd EDITION

SUMMER SPORTS CAMP

Between June 2nd and 5th, we organized an outing with the young people linked to the project. Sports, contact with nature, sharing experiences, dreams, cooking together and meeting other people were the order of the day.

In this second edition, Aitor, Georgia and David, SSB volunteers, led an activity that we will certainly not forget. A hip-hop workshop where, together, a song was composed that made us vibrate to the rhythm of rap and that you can see at this link: <https://youtu.be/dniAheJh62w>

5th season

COMMUNITY FOOTBALL SPACES

Tuesdays and Wednesdays were the days chosen for the sessions of this year. For two hours each day, we open the doors to newcomers and "old-timers" to meet, share and develop their potential on the field. This year, 174 players of 39 nationalities have participated and up to 14 volunteers have assisted the training sessions.

1st EDITION

Tournament STREET SOCCER FOR GOOD

This tournament was held on June 11 at the Campo Municipal de la Satalia with the aim of sharing our passion and love for this sport.

We had the participation of 8 teams: Alcon, Autodesk, Bayer, Grimaldi, Heura-1, Heura-2, SSB-1 and SSB-2. We also had the collaboration of 4 referees from the Catalan Football Federation, the Technical Committee of Referees and the SSB volunteer team.

Despite the strong heat, we had a lot of fun and we hope that this pilot test will become a regular annual event.

Stable Collaboration with CeleBreak

This collaboration makes it possible to play friendly matches, compete in a healthy way and exchange ideas between players. 14 vibrant games for 2022.
