## SPONSOR A CHILD'S EDUCATION IN RURAL GHANA

In the Adaklu District of Ghana, educational opportunities are a beacon of hope, yet so few children are fortunate enough to have access to the gift of education. Through the Educational Scholarship Program by Friends of Adaklu (FOA), the lives of financially disadvantaged students and their families are being transformed. The Program currently supports 78 Ghanaian students, opening doors to a brighter future for each child, their families, and their communities.

**Meet Ama, a bright young girl whose dreams seemed out of reach until FOA's intervention.**

**With tuition fees, books, and school supplies covered, Ama has a clear path to learning that is filled with possibilities.**

**The support she receives from FOA and her sponsor means she can focus on her studies without constant financial worries, allowing her parents to address other vital needs.**

## SPONSOR A CHILD'S EDUCATION IN RURAL GHANA

### HOW HAS THE SPONSORSHIP CHANGED YOUR LIFE?

"Before the sponsorship, I had to work to earn money for my school supplies and pay all my school fees myself. Instead of working on people's farms during school days to buy books, I now go to school to study. My parents no longer have to send us to urban areas as house help. We now live as children, not as parents," one junior high student shared.

FOA's impact extends beyond financial aid for students. The Program nurtures each child with the guidance and unwavering support they need to thrive. Sponsors become mentors and are given the opportunity to receive regular updates, celebrate successes, and offer wisdom. These meaningful connections profoundly impact every part of the student's life.

Education is the key to breaking the cycle of poverty and creating lasting change within these rural communities. Like Ama, every child has the potential to transform their lives and their communities when given the opportunity. You have the power to ignite hope in a child's heart and spark curiosity in a student's mind.

100% of your donation goes directly to support Ghanaian students and programs.

Sponsor a student and make a difference that will last for generations.

# QUESTIONS & ANSWERS

## SPONSOR A CHILD'S EDUCATION IN RURAL GHANA

### How long is the sponsorship commitment for my child?

The sponsorship commitment typically continues until your student graduates from high school.

### Can I write to my child?

YES! Writing to your child makes the world of difference – literally; it brings discoveries and ideas and opens your child's eyes to a world that was out of reach, and almost unimaginable, until your letter arrived. We encourage all of our sponsors to write to their children; when you tell them about your life, and ask them about theirs, you are planting ideas that will broaden their perception of the world and of what they can strive for.

A few simple words from a sponsor may inspire a student to finish high school and perhaps strive to go on to university. Who knew that the time it takes to write a letter can transform into a lifetime of accomplishment for a student. Please show you care and spend the 20 minutes it takes to write to your child – the look on their face will make it all worthwhile.

### Where should I send letters to my child?
