# HELMETS FOR YOUNG RIDERS

Protect **30 young students** in Ghana's Adaklu District by providing bike helmets. Students from Adaklu Kordiabe walk an hour down the Adaklu mountain, then bike from Adaklu Aboadi to reach the Friends of Adaklu Good Life Center to take classes.

This journey includes a 30-minute bike ride on the busy Ho-Adidome Sogakope Road.

**With helmets, we can ensure these students travel safely to access vital educational opportunities.**

Help us make their commute safer!
